Dear

Subject: Financial Support to CNHC 2009/10 and 2010/11

Thank you for your letter of 29 January about financial support to the CNHC.

The Department is willing to fund the CNHC £409,300 for 2009/10 provided that you continue to make good progress against your Business Plan. At this stage I cannot confirm the funding of £127,750 for 2010/11 as we have not yet had confirmation of our budget for 2010/11. However, I cannot see that this amount being a problem providing, again, that you are making good progress.

I am content that you will invoice the Department at six monthly intervals starting in April 2009.

I am pleased to learn of the positive start to the opening of the CNHC's register and look forward to receiving a progress report in due course.

We agreed at our meeting in December that we would meet again in March 2009. I will ask to contact to arrange a mutually convenient date.

Yours sincerely

Head of European & Specialist Legislation
