Len

Dover's position is indeed as described in your table.

Following a brief tel conversation with DCMS yesterday I would mention that:

- i. Their offer letters re the 16 and under age group element of the scheme are due out very shortly and the local authority deadline for deciding whether to participate is likely to be extended because of the delayed despatch.
- ii. Dover's offer (given verbally on the 'phone) is very much in line with our expectation.....and is substantially less than we would need in order to cover our costs for this age group.

I'd welcome a copy of the final version of the table.

Good morning all.

Our Executive is considering the proposal tomorrow evening. As you know we have an offer of assistance from the PCT which is very welcome and we are developing a partnership with them around swimming. However, we still have other issues to consider locally such as our Trust run pool which is outside of the initiative.

I have been asked to find out if the table below reflects the current position of other Kent authorities. I would appreciate an indication if your position has changed from that indicated or remains the same, before lunchtime on Wednesday please.
