If you are not the intended recipient of this e-mail (and any attachment), please inform the sender by return e-mail and destroy all copies. Unauthorised access, use, disclosure, storage or copying is not permitted.

Communication by Internet e-mail is not secure as messages can be intercepted and read by someone else. Therefore we strongly advise you not to e-mail any information which if disclosed to unrelated third parties would be likely to cause you distress. If you have an enquiry of this nature please provide a postal address to allow us to communicate with you in a more secure way. If you want us to respond by e-mail you must realise that there can be no guarantee of privacy.

Any e-mail including its content may be monitored and used by the Information Commissioner's Office for reasons of security and for monitoring internal compliance with the office policy on staff use. This includes the content of e-mails. E-mail monitoring / blocking software may also be used. Please be aware that you have a responsibility to ensure that any e-mail you write or forward is within the bounds of the law.

The Information Commissioner's office cannot guarantee that this message or any attachment is virus free or has not been intercepted and amended and you should perform your own virus checks.

Subject: Phorm update

Katherine

We are currently looking at the Phorm product in a lab environment, we have not done "extensive trialling" and nothing has been tested or trialled on our live network, as such no customer has been impacted by our testing, we are simply testing in the lab environment to see how we could possibly deploy the Phorm product onto our network.

Regards

Virgin Media, 160 Great Portland Street, London W1W 5QA
