24 June 2009

Dear Mr Snowdome

Request for Information

Your correspondence dated 23 May has been considered to be a request for information in accordance with the Environmental Information Regulations Act 2004.

I am writing in connection with your second question:

'I would also like to be sent all communications between anybody working for the Met Office (and any subsidiaries / linked organisations) and the IPCC'.

We hold information of the description specified in your request. We will assist you in meeting your request but, as it stands, it is formulated in too general a manner. If you would like to refine your request then we may be able to provide you with the environmental information you require. Perhaps you have a particular subject in mind, or a specific timescale? Does your question relate to all correspondence with the IPCC or are you looking for correspondence in relation only to IPCC report AR4, as I have not yet established if the Met Office holds this information?

I look forward to hearing from you.

If you are unhappy with the response or wish to complain about any aspect of the handling of this request, then you should **contact me** in the first instance. Should you remain dissatisfied, then you may apply for an internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB. (email [Info-XD@mod.uk](mailto:Info-XD@mod.uk))

If you are still unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>

Yours sincerely,

FOI Manager
