Dear Mr Davis

Request for information under the Freedom of Information Act 2000

I refer to my letter of 17 August 2009 regarding your request for a copy of the presentation slide that was the subject of the recent decision notice [FS50130316] issued by the Information Commissioner.

The Agency has complied with the decision notice and has also today published in full the presentation that was made to the ACMSF *Ad Hoc* group on the Safe Cooking of Burgers. This includes the presentation slide in question (fourth slide from the end of the presentation), and can be found on our website at the following link:

Yours sincerely
