1 December 2009

Dear Mr Perrin

Thank you for your email dated 2 November 2009 in which you requested an internal review of the Department for Transport's (DfT) handling of your FOI request concerning cost over-runs by Network Rail in their refurbishment of the Kings Cross station offices, the Eastern Range.

The DfT has now conducted a review and the original decision regarding the information to release to you is upheld for the following reasons:

1. All of the available, relevant information was located and properly considered;
2. The DfT's reply to your original letter responded fully to the request you made.

I note your concern that the information provided was "incomplete" and "synthesised". You should be aware that the DfT has only incidental information relating to the Eastern Range, given that it is classified as a renewals project and that responsibility for its oversight sits with the Office of Rail Regulation rather than with DfT. In the interests of clarity, I confirm that all of the information falling within the ambit of your request to the DfT has been provided to you.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at: Information commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF.

Yours sincerely

**RICHARD CANTWELL**  
Deputy Director
