**Re: Funding/Tyne & Wear Anti-Fascist Association (TWAFa)**

***CONFIDENTIAL: This document is intended for the addressee only and should not be disclosed to others without the explicit prior consent of TWAFa***

Dear Ms Crowe

Thank you for your email regarding the work TWAFa has conducted in North Tyneside since the beginning of the financial year. Before summarising the work may I take this opportunity to restate that no money received from public funds is used for party political purposes.

Below is a list of the work TWAFa has carried out in N Tyneside with costings to the organisation:

- 1 Ongoing consultation / knowledge transfer with the N Tyneside Neighbourhood Management Warden service relating to racist graffiti and stickering across the borough - £500 for worker and volunteer time in researching the nature of the incidents and offering advice and insight into the pattern of offending behaviour based on TWAFa's unique services
- 2 Ongoing consultation / knowledge transfer with North Tyneside residents and Association members who live in the borough in relation to the destabilising impact of hate crime activity on community cohesion - £650 for worker and volunteer time
- 3 Meetings and communications with North Tyneside officers relating to the Association's work - £150 for research/travel/volunteer time

**Total cost £1300**
