Dear all

We understand that one local authority has recently received a query, purporting to be from one of the other local authorities, about TWafa and how it is funded. We do not have any more details at present and this may prove to be a legitimate enquiry. Equally, however, we believe that it could be an illegitimate attempt to obtain information on our organisation. This would be consistent with the efforts of members of far right groups to use the Freedom of Information Act for similar purposes over the last year.

Please be aware of this and if you receive enquiries of this sort from workers in other authorities whom you have not previously had dealings with, please treat them with caution.

many thanks,

Coordinator
TWafa
