**Request:**

Could you please provide written evidence of THE LAW that requires flesh and blood human beings to pay council tax?

I have investigated [www.opsi.gov.uk/](http://www.opsi.gov.uk/) and various other websites to find as much information as I can regarding council tax laws, but can only find information on the STATUTES or ACTS that apply to the PERSON or LEGAL FICTION, I cannot find a LAW that is applicable to HUMAN BEINGS being justifiably taxed by a council or local Authority I understand that, by legal definition, statutes and acts are defined as legislated rules of a SOCIETY which have been given the force of law, but in themselves are NOT LAW, and; A society is defined as a number of people joined BY MUTUAL CONSENT to deliberate, determine and act for a common goal. So in essence the STATUTES only apply to those who give consent i.e., are a willing member of the society. I am looking for the LAW that applies to those human beings that have not mutually consented or have withdrawn their consent from a particular society, i.e., those humans beings that are no longer subject to the rules of that society. So please provide evidence of the LAW (not the statute) which states that all humans (NOT PERSONS) are obliged to pay council tax (including humans who are not willing consenting members of society).

Please note, that if your response includes the word PERSON, PERSONS OR INDIVIDUAL, you have failed to answer my request, as persons are not flesh and blood humans, they are LEGAL FICTIONS and the term INDIVIDUAL is defined as meaning a PERSON which is also legal fiction NOT a human being , man or woman. Also, please do not direct me to ACTS, STATUES, or LEGISLATIONS as these do not apply to a Human being of flesh and blood who is in possession of an Immortal Soul. So please take care when providing a suitable response, I wish to know what LAW (not statute or act) obliges me, a woman, or HOMO SAPIEN to pay council tax.

Please provide also, a copy of the LAW which states a council may prosecute a human being of flesh and blood for Council Tax Arrears in ordered to recover what they term a debt. I require a written copy of the procedure used by the Council to validate the information used to establish the arrears, i.e., if LOSS as defined as under COMMON LAW JURISDICTION is the justification for prosecution of a flesh and blood human, man or woman, can the council provide written evidence for that LOSS with full financial records and accounting to back up that debt, along with contracts committing both parties showing equal consideration, acceptance and signatures, when requested? What process do they, the councils, use to distinguish between a human being of flesh and blood and a PERSON for such purposes of threatening prosecution?
