Dear Mr Davis

Following correspondence with the Information Commissioner's Office you will be aware that the University has agreed to release the total expenditure paid to the barrister's chambers at 11 Kings Bench Walk for the advice and representation provided to the University in the Tribunal case EA/2009/0034 on the understanding that the release of this information will bring this case to a close, with the complaint relating to this case not being pursued now or in the future.

The relevant fees total £25,044 plus VAT of £3,756.60.

Please note that the publication of this response without the express permission of the University of Central Lancashire may give rise to an action for copyright infringement.

I trust that this now brings this case to a close.

Yours sincerely

Dr Jean Brown
Head of Strategic Development Service
