I would also like to request full details of the person(s) who conduct the IT purchasing there.

There are a variety of contracts procured via the tender process, framework agreements and competitive quotation for smaller purchases. These can involve a number of staff at varying levels whose role can include procurement of IT related equipment. The focus for contracts is within our Procurement Team.

Hampshire County Council is a top performing and highly rated authority and is one of only three County Councils to be given the 'performing excellently' rating by watchdog, the Audit Commission. We have been assessed as providing very good value for money and our council tax remains the lowest of all county councils in the south east.

We trust this information is of use to you.

Yours sincerely
