Subject: FW: Freedom of Information request - Stockport Council says every approach I make to the Council must be through the FOI Officer

Andrew and Donna,

Please see below for information. As Mrs Oliver quite rightly states, this is not an FOI request and I do not intend to respond to her unless you would like me to.

Thanks,

Claire

Subject: Freedom of Information request - Stockport Council says every approach I make to the Council must be through the FOI Officer

Dear Stockport Borough Council,

I know this is not a FOI request but the Council has made up the rule that I can only contact the Council through the FOI Officer (I think so no-one inadvertently tells me an inconvenient truth).

Please ask Councillor Weldon, Donna Sager and Andrew Webb to meet

me at the site of the proposed school at 08.45 on a school day, so

I can explain the already dangerous traffic situation there even before the 550 pupil school and nursery, midwifery drop in sessions,

baby clinic/group, health visitor drop in sessions, speech and language support for children, childminder network and drop in facility with access to training, creche, parents/carers' attendance sessions, parents/carers' support base offering parenting courses and Family Learning Support, parent and child play sessions and information sessions on childcare, jobs and benefits are in operation.

The Chief Highways Engineer, Nick Whelan, stated in an email 3 days

before the planning decision meeting that the drop off facility was

not big enough and proposed a Grampian condition turning circle as

the solution. As the Council failed to include the turning
circle
land in the compulsory purchase order to alleviate the need for
a
public inquiry (although one should have been held anyway
because
the Council was fraudulently taking part of someone's garden),
it
will be years, if it is passed at all, before the turning circle
could be operational.

So, when the first child dies in a traffic accident, I will be
able
to show this posting to the lawyers representing the grieving
parents
(and I am one myself) and sue the above mentioned Councillor
Weldon, Donna Sager and Andrew Webb for corporate manslaughter.

I look forward to your reply and their site visit.

With warmest best wishes

Yours faithfully,

Sheila Oliver
