29 April 2010

Dear Mr Nunn

Re: Freedom of Information Request No 805

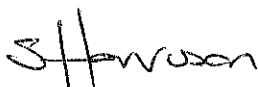

Further to your email dated, 3 April 2010, regarding the above-mentioned Freedom of Information Request.

Core Management Team have considered your review request for this FOI and their view was that the Organisation and Resources Committee is the primary policy committee which takes responsibility for the organisation overall and this includes responsibility for finance and staffing. This committee therefore had the authority to take the decision with regard to the granting of an indemnity to Councillor Bernard Theobald and Duncan Sharkey, Chief Executive. It is Core Management Team's opinion that this decision was entirely lawful and in accordance with the committee's overall terms of reference.

As previously stated, if you remain dissatisfied, please refer your concerns directly to the Information Commissioner, details as follows:

Information Commissioner
Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

Yours sincerely
