Table 11	Scotland	12
Table 12	Northern Ireland	13
Table 13	Wales	14

Notes:

1. The methodology used to calculate location data for CPS 06 has been revised to incorporate data by Local Authority since October 2006. The best fitting Local Authority for every MoD site has been determined. As Local Authorities nest within Government Office Regions (GORs), it was found that some sites should be classified in a different GOR than they have been previously assigned for the CPS 06 standard publication prior to October 2006. A backseries of this methodology is not available for the period prior to October 2006.
2. Personnel have been best fitted to a Local Authority by determining a postcode for the location in which they work. Locations for individuals are recorded on HRMS. Postcodes for each location were determined using the HRMS address database and the ROSS UIN address database. Up to date postcode to Local Authority lookups are available from the Office for National Statistics and these were used to assign each site postcode (and therefore the civilians recorded as working there) to a Local Authority. Caveats include being aware of potential sources of error such as: incorrect recording of location on HRMS by individuals and error in determining the best fit postcode for a location - e.g. uncertainty over whether it's the postcode of the site or a post office box elsewhere, and more than one site having the same postcode even though they're actually in different locations (as is the case in Bath). Even incorrect postcodes are likely to be nearby, but could still result in a postcode that is in a different Local Authority to the site itself.
3. All strengths at the Local Authority level have been rounded to the nearest 10, and strengths of less than 20 have been replaced by ~. These procedures protect confidentiality and reflect the accuracy of the figures - i.e. they are estimates. For presentational purposes, Local Authorities with zero strength are not included in the tables which are therefore not a complete list of all LAs in the UK.

CPS06

1st July 2008

Level 1 MoD civilian personnel by Government Office Region

Number : Full Time Equivalent ¹

	Total	Non-industrial	Industrial	RFA
Level 1 MoD Total	68,350	54,200	11,860	2,290
Total UK	63,280	51,460	11,820	
England	54,480	45,170	9,310	
North East	510	260	250	
North West	2,520	2,180	340	
Yorks and Humber	3,570	2,610	960	
East Midlands	2,360	1,660	700	
West Midlands	3,740	2,560	1,170	
East of England	6,350	4,950	1,400	
London	5,350	4,990	360	
South East	12,380	10,040	2,340	
South West	17,690	15,910	1,780	
Scotland	5,690	4,290	1,410	
N.Ireland	1,950	1,160	790	
Wales	1,150	840	310	
Overseas	2,390	2,370	20	
Unallocated	360	350	10	
At Sea	30	10	20	
RFA ³	2,290	-	-	2,290

Notes:

1. This table uses the revised definition of civilian personnel (see www.dasa.mod.uk).
2. Part time staff are counted according to the number of hours they work per week as a proportion of normal hours for their grade and location. Figures are individually rounded and may not sum precisely to the totals shown.
3. Royal Fleet Auxiliary personnel are not classified as being Non-Industrial or Industrial.
4. Due to the introduction of a new methodology to assess FTE strength by GOR, totals by GOR area for the April 2006 and subsequent editions of CPS 06 are not directly comparable to previous versions.
