Dear Mr Paulley

Re: Freedom of Information Act Request ref: 810002738

Thank you for your FOI request received 25 June 2010 concerning Institutional abuse and Evictions of Care Home Residents. You requested the following information:

1) *Please supply information relating to the incidence of attempts by care providers to evict residents in care homes - that is, care providers giving residents notice to leave or otherwise attempting to get them to leave without their involvement in the decision or against their wishes.*

Please indicate the number of cases you are aware of for the last 3 years, also indicating if and how your council responded to the situation, and what was the ultimate result of the situation, i.e. if and how the situation was resolved.

Since 2007 5 out of borough providers have given notice for Haringey funded residents to leave a residential/nursing care home, by reason of the care home closing. All service users were reviewed/reassessed and found alternate accommodation.

2) *Please provide me with the number of instances your council is aware of where either CQC or local authority safeguarding procedures have substantiated allegations of institutional abuse of a Leonard Cheshire social care service user over the past 3 years. Further, please provide anonymised information on the alleged behaviour by Leonard Cheshire resulting in the conclusion.*

There are no instances.

If you have any further queries, or are unhappy with how we have dealt with your request and wish to make a complaint, please contact the Feedback and Information Team as below:
