Mick

I am happy to attend (assuming diary is free).

Neil

Hi Neil and Alun,

You will recall that I took a report to Cabinet in February 2007 (CAB 85.2/07).

One of the recommendations was that Property Services would undertake negotiations with the Cricket Club about access to the playing field and a contribution to the playing field development works.

I am due to take a report to Cabinet on 15th November 2007 to seek approval to go to Stage 2 of the LEP development.

The Cricket Club have expressed concerns that no one has been to talk to them about the use of the playing field.

I was at a meeting with Bob Rutherford and Ian Bell today. They are going to meet with the cricket club and would like to take Neil with them. Is that ok?

Best wishes

Mick B

Subject: New Primary School - Bishopston Ward

Following discussion of the forward plan with the Leader yesterday and subsequent discussion with Councillor Pickup, it has been agreed that it is not intended to present the above item in the form as appended, now.

Some kind of report will need to come to Cabinet in due course which will depend on further work. I have agreed with Cllr Pickup that I will remove the item from the forward plan schedule for the November/February period which I am publishing today.

If anything needs to be reported via the KD route, then please let me know in good time in order that it can be included in the we next publication on 14th Nov (for December Cabinet).

Ian Pagan
