1. Introduction to Destination Statistics

What is in these statistics?

This booklet contains details of the destinations of Year 11 full-time students from all maintained mainstream schools and special schools/Pupil Referral Units in Brighton & Hove and East Sussex. It does not include students from independent schools.

The destinations are those known at 1st November 2007 and not necessarily the first destination of students leaving school.

How are these statistics collected?

Sussex Careers starts collecting data from 1st October 2007 onwards as part of its regular follow up of school leavers. In October a concentrated effort is made to check the destinations of each individual young person. This is done as far as possible by telephone and letter to the young person.

2. Explanation of Terms Used

Continuation 2 yr course – includes those who have missed a year and are completing a two year GCSE course.

Full-time education – those leaving Year 11 to begin a full-time further education course.

Non-employed status training – those entering a training course without entering full-time employment. Includes E2E programme.

Employment with training – those finding employment, starting employed-status Modern Apprenticeships, employment with training to NVQ level 2, or locally recognised training.

Employment no training – those finding full-time work without entering a training scheme or taking vocational qualifications.

Part-time learning – young people who are not in full-time work, education or training but have indicated that they are taking a part-time course.

Part-time employment – young people who are not in full-time work, education or training but have indicated that they are working part-time.

Voluntary work – those who take up work experience on a full- or part-time basis. This may help participants to gain employment in the same or allied employment fields.

Unemployed – those who are registered unemployed and claiming benefit.

Not active – those who are caring for family, are long-term ill or pregnant.

Moved/out of contact – those who have moved out of the area or left the country.

No response – those who have not replied to letters and phone calls and on whom no data can be obtained.

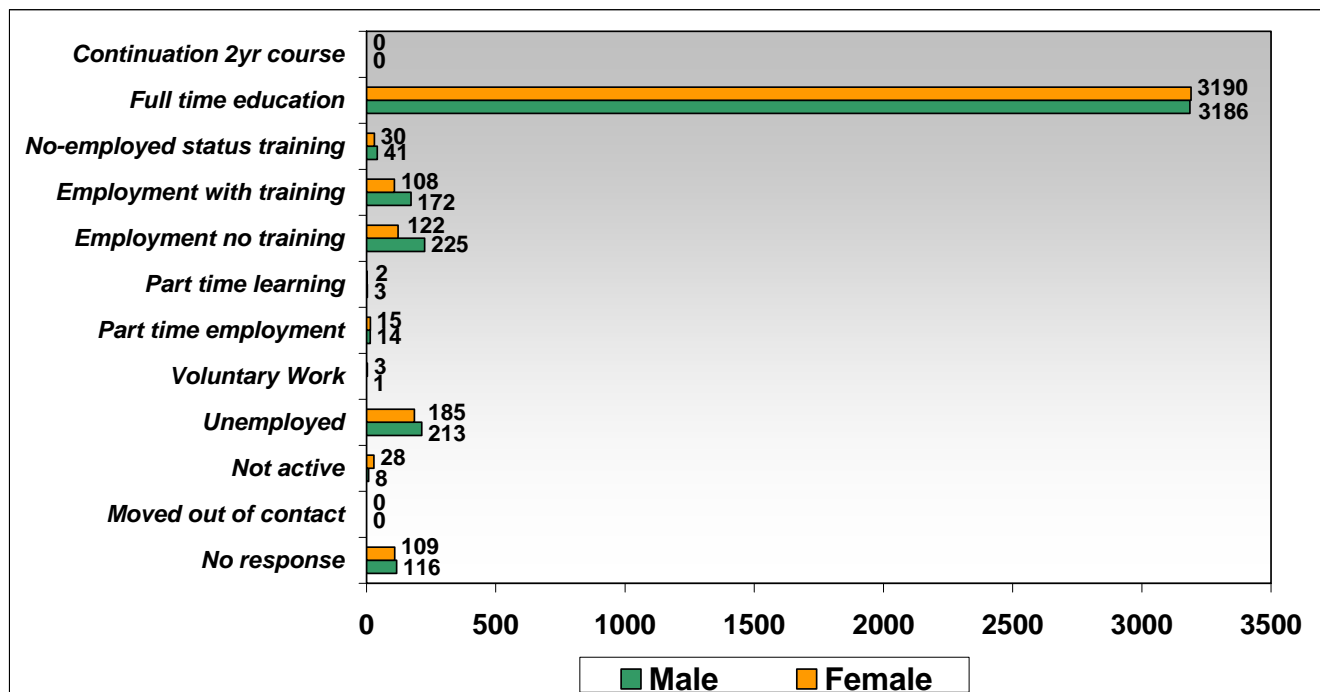

3. Area Totals

3.1 Totals for Destinations of Year 11 Leavers in Brighton & Hove and East Sussex

Males: 3 979

Females: 3 792

Total: 7 771

- There were 7771 Year 11 leavers from maintained schools. 51.2% of leavers were male, and 48.8% were female.
- In total, 6376 leavers (82.0%) remained in full-time education which represents a slight increase of 1.5% with respect to 2006. Females (84.1%) were more likely to continue in full-time education than males (80.1%). This is a 1.7% increase for females and 1.6% for males since 2006.
- In total, 698 leavers entered work or training (9.0%). This shows a slight decrease of 0.1% since 2006.
- Of the 627 leavers who entered full-time employment, 44.7% secured jobs with training, a decrease of 7.4% from the previous year. Only 71 leavers (0.9%) entered training without employment status.
- The number of leavers known to be unemployed or inactive has decreased slightly from 5.8% to 5.6%. 5.4% of males were unemployed compared to 4.9% of females. (This represents a decrease of 0.1% in male unemployment and an increase of 0.2% in female unemployment). The percentage of inactive leavers shows a decrease of 0.2%, the percentage of males declined from 0.3% to 0.2% while the percentage of females declined from 1.0% to 0.7% in comparison with 2006 figures.

3.2 Comparison between the Destinations of Year 11 Leavers 2004 – 2007

Annual Activity Survey	2007		2006		2005		2004	
	Total	%	Total	%	Total	%	Total	%

- Year 11 leavers in East Sussex (82.8%) were more likely to continue in education than leavers in Brighton & Hove (80.4%), the figure dropped from 3.8 % in 2006 to 2.4% in 2007. Regarding the total leavers continuing in education in both areas there was an increase of 1.6% in 2007.
- Leavers from Brighton & Hove were more likely to enter employment with training than those from East Sussex. In Brighton & Hove enter employment with training rose from 5.5% in 2006 to 6.1% in 2007. In contrast in East Sussex it dropped from 3.0% in 2006 to 2.5% in 2007.
- The percentage of leavers to find employment in both areas rose from 7.3% in 2006 to 8.1% in 2007 – from 7.1% to 8.7% in Brighton & Hove, and from 7.3% to 7.8% in East Sussex. This shows the first rise since 2004 in both areas.
- Leavers from Brighton & Hove and East Sussex who entered voluntary work have reduced from 9 leavers in 2006 to 4 leavers in 2007.
- The proportion of leavers who were unemployed in both areas remains the same as in 2006 (5.1%). In Brighton & Hove the figure decreased from 6.5% in 2006 to 5.7% in 2007 and increased from 4.5% in 2006 to 4.9% in 2007 in East Sussex.

- Eastbourne & Hailsham and Bexhill & Hastings equally have the higher percentage of leavers remaining in full-time education (83.0%) than the others careers centers.
- Employment with training was highest in Brighton & Hove (6.1%), and lowest in Bexhill & Hastings (1.1%). Lewes & Wealden had the highest proportion to enter employment 10.3%, which represents a rise of 2.0% from 2006 figures. As last year Bexhill & Hastings had the lowest proportion to enter employment at 4.9%. In 2007 this percentage has decreased by 1% in comparison from 2006.
- Bexhill & Hastings was the area with the highest unemployment rate with 6.6% of leavers being unemployed. In Brighton & Hove the percentage of unemployed leavers has reduced from 6.5% in 2006 to 5.7% in 2007. Lewes & Wealden had the lowest unemployment rate at 3.2%.

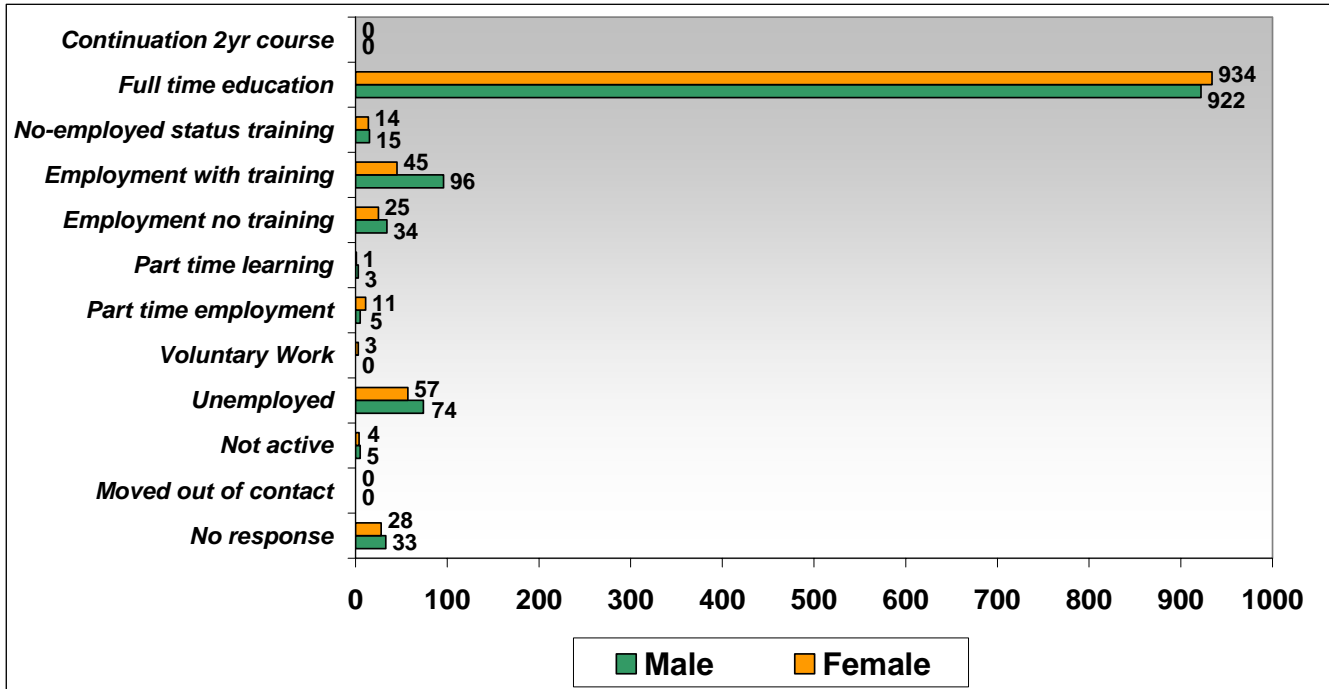

6. Details of Schools and Colleges in Different Connexions Careers Centre Operational Areas

6.1 Brighton & Hove Area Total

Males: 1187

Females: 1122

Total: 2309

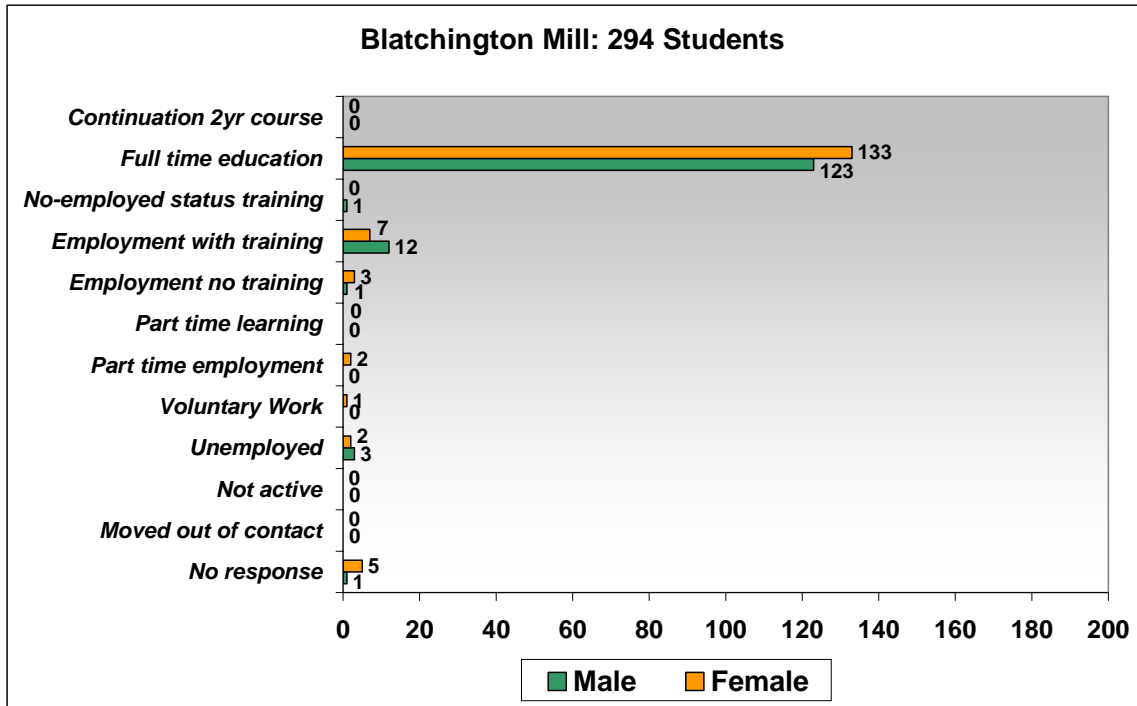

- 1856 Year 11 leavers remained in full-time education, accounting for 80.4% of all Brighton & Hove leavers.
- 83.2% of females remained in full-time education, whereas only 77.7% of males chose to stay on. This is an increase of 3.1% for females and 2.2% for males from 2006.
- The percentage of males in full-time employment has increased from 8.5% in 2006 to 11.0% in 2007 while the percentage of females who entered full-time employment (6.2%) this year has increased by 0.5% in comparison with 2006 (5.7%).
- Of those who entered full-time employment, 29.5% entered employment without training. This is an increase of 7.1% from the previous year.
- The unemployment rate was 5.7%, a decrease in 0.8% from 2006 (6.5%). As last year, in 2007 a higher proportion of males (6.2%) were unemployed than females (5.1%).

6.3 East Sussex Area Total 2007

Males: 2792

Females: 2670

Total: 5462

- 82.8% of Year 11 leavers from East Sussex remained in full-time education. It represents an increase of 1.2% in comparison with last years figure.
- A higher proportion of females (84.5%) than males (81.1%) entered full-time education. This is a 1% increase for females and a 1.3% increase for males from 2006.
- As last year the percentage of males who entered full-time employment (9.6%) is higher than females (6.0%) by 3.6%.
- Of the 427 leavers who found full-time employment, 139 (32.6%) entered employment with training, compared with 288 (67.4%) entering employment without training. This shows an 8.2% drop in leavers finding employment with training from 2006.
- The proportion of leavers who reported being unemployed was 4.9%. This percentage increased slightly from 2006 (4.5%).

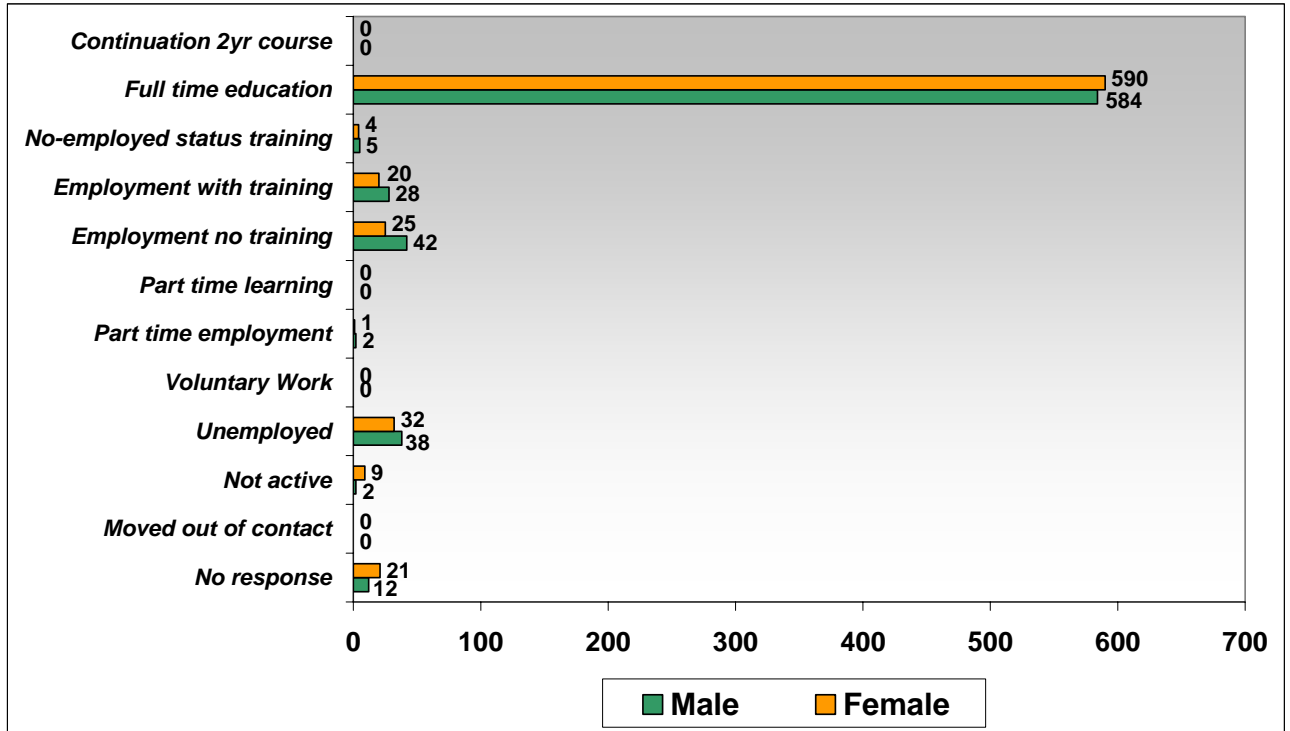

6.4 Destinations of Year 11 Leavers in Eastbourne & Hailsham 2007

Eastbourne and Hailsham Area Total

Males: 713

Females: 702

Total: 1415

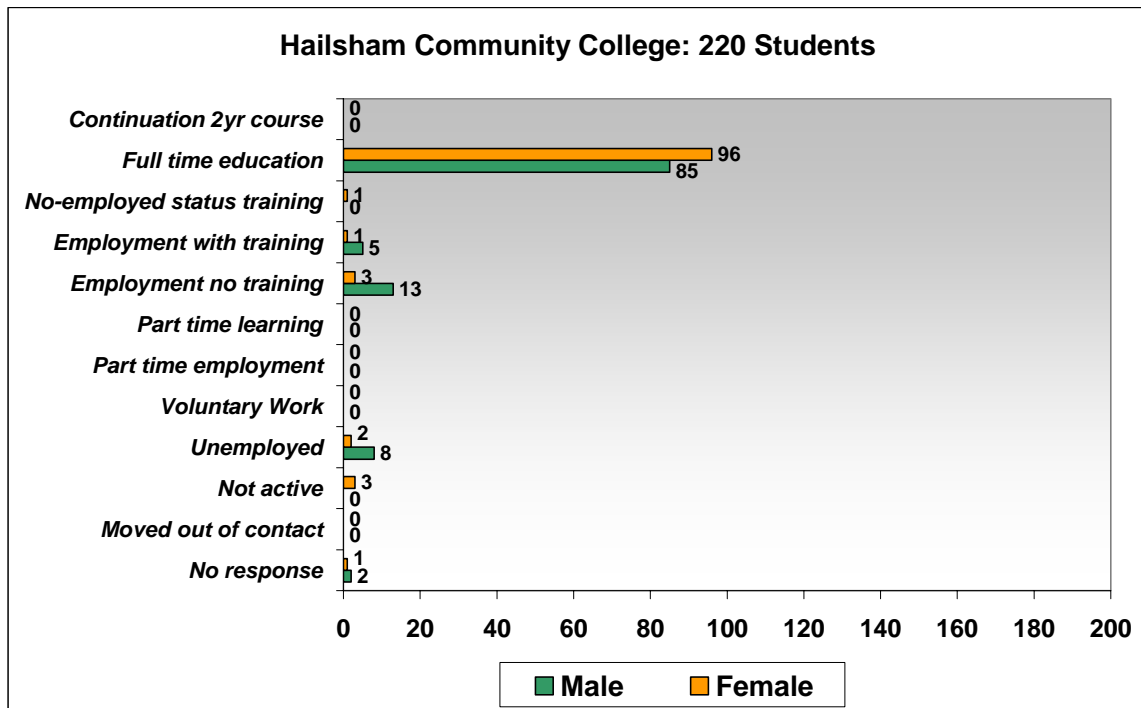

- 1174 leavers (83.0%) remained in full-time education. This is an increase of 3.6% from 2006.
- There was an increase of 3.1% for female and 3.9% for male leavers remaining in full-time education during 2007.
- The percentage of leavers who went into full-time employment (8.1%) increased by 0.2% in comparison with last year. Despite an increase of 0.8% in the percentage of females entering full time employment, the number of males (9.8%) is still higher than females (6.4%).
- Of the 115 leavers that went into full-time employment, 41.7% found employment with training. It represents a significant drop of 16.3% from 2006.
- Unemployment decreased from 5.7% in 2006 to 4.9% in 2007.

7. Details of Special Schools and Pupil Referral Units in Different Connexions Careers Centre Operational Areas

7.1 Destinations of Year 11 Leavers from Special Schools

Special schools provide education for students who have a range of special educational needs, including general learning difficulties, specific learning difficulties, emotional, behavioural and social difficulties, physical disabilities, sensory impairments, speech and language difficulties, autistic spectrum disorders and profound and multiple learning difficulties.

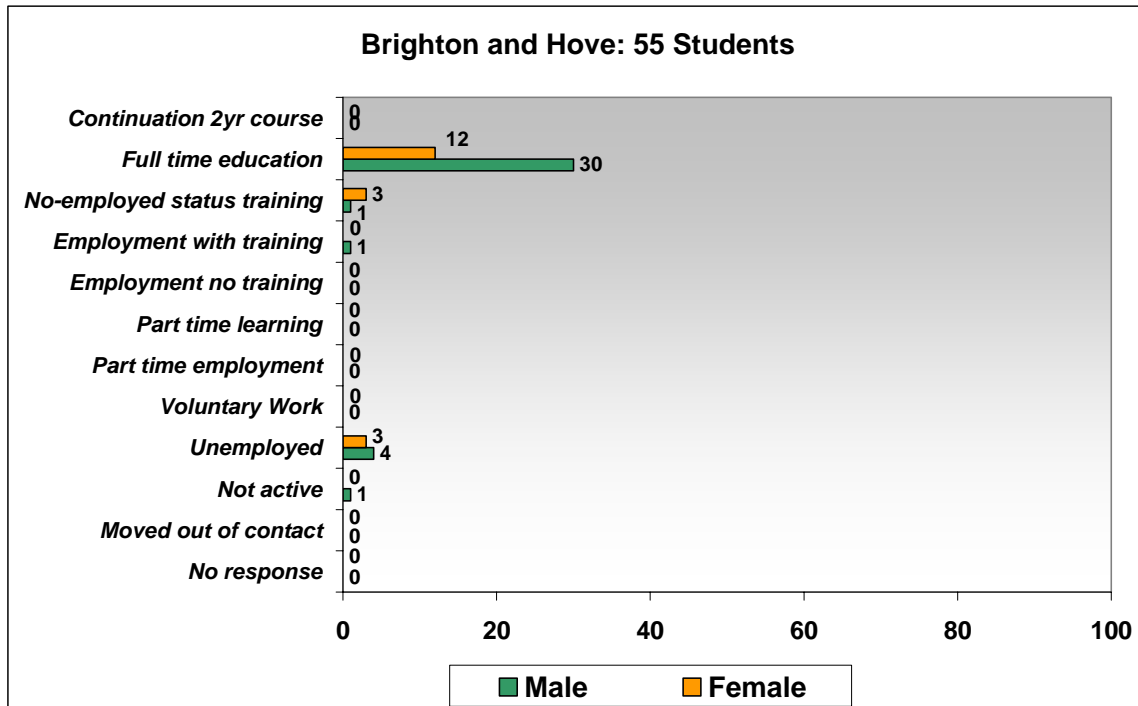

- Of the total of leavers in Special Schools, 75.2% were males and 24.8% were females.
- 79.7% (106 students) were in full-time education which represents a drop of 6.4% in comparison with last year figures.
- 6.0% of students were in employment, 1.5% of students entered employment with training and 4.5% of students entered employment with no training.
- 8.3% (11 students) were unemployed.

7.2 Destinations of Year 11 Leavers from Pupil Referral Units

Pupil Referral Units are centres which accommodate students who, for a variety of reasons, have not been attending mainstream schools on a regular basis or have been temporarily excluded. The Pupil Referral Units included in these totals are the Alternative Centre for Education (ACE) in Brighton, Eastbourne Tutorial Unit, New Horizons (Hastings), and Lewes Pupil Referral Unit.

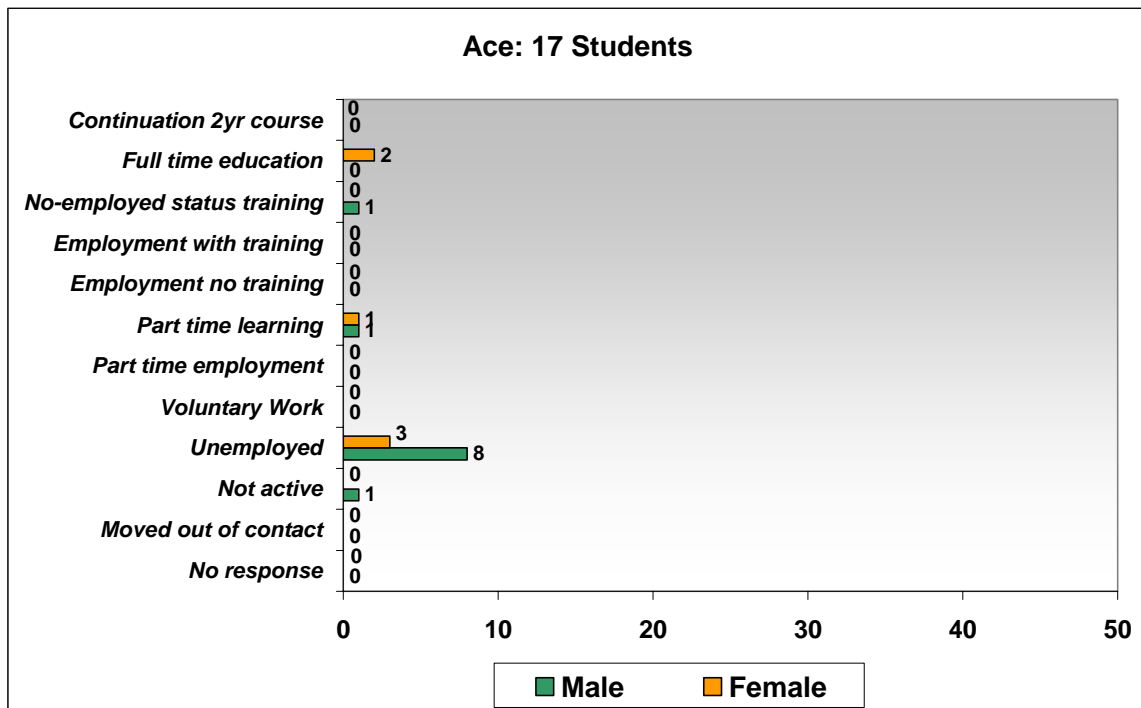

- Of the total of leavers in Pupil Referral Units 69.1% were males and 30.9% were females.
- 41.8% of leavers from the Pupil Referral Units remained in full-time education, a significant increase of 14.7% from 2006.
- There was an overall drop of 3% in the number of leavers who were unemployed from 33.9% in 2006 to 30.9% in 2007.
- Of the 10.9% leavers that went into full-time employment, 1.8% found employment with training and 9.1% found employment without training.
