Hello [REDACTED]
I can confirm that the temporary replacement vehicle (KJ08 HTZ replaced by (new replacement) KU57 PCY) as an update to the Lambeth TCF is accepted as a "Supplier Equivalent" as is described in "The Certification of Approved Devices" (COAD) Section 2.2.4 and requires no recertification. Therefore, your Parking and Bus Lane Certifications remain valid.

This confirmation should be retained safely as it is part of your Certification record.

Morning [REDACTED]

KJ08 HTZ is still at Mercedes being repaired. In the meantime we have replaced it with KU57 PCY (formerly at Wirral). The equipment inside is identical to that of Lambeth's existing setup (the original Afterburner has been replaced by a VHS for the short term loan).

If any questions please let myself or [REDACTED] know.

Kind regards

Afternoon [REDACTED]

Just to let you know that HJ09 MGE has had its Afterburner replaced by a VHS which now make HJ09 MGE identical to Lambeth's existing Smart cars.

Afternoon [REDACTED]

Unfortunately I have another Smart car off the road for repairs. Vehicle KJ08 HTZ is being replaced on a temporary basis by HJ09 MGE. HJ09 MGE was previously at Enfield.

In regards to the specifications there is one slight difference between both vehicles in that the secondary recording of HJ09 MGE is to an Afterburner and that of KJ08 HTZ is to a VHS. Otherwise both vehicles are identical.

The 2 vehicles have an identical enforcement system.

I look forward to your reply at your earliest convenience.
