e) Scheme design – charging methods, specification, strategy, enforcement	1 2 3 (4) 5
f) Prediction of impacts – best practice and choice of indicators	1 2 3 4 (5)
g) Appraisal – outcomes, evaluation	1 2 3 (4) 5
h) Economic impacts – local businesses, investment, growth	1 2 3 4 (5)
i) Equity – fairness, polluter pays, marginal social costs	1 2 3 (4) 5
j) Other? Please specify ...	1 2 3 4 5

# CURACAO

(Coordination of Road User Charging Organisational Issues)

<p>➤ <i>CURACAO will support cities by demonstrating ways to overcome barriers to road pricing implementation.</i></p>	
<p><b>Q4a) What would you regard as the 5 principal barriers to road pricing implementation within your city at this time:</b></p>	<p>Give each barrier a number in order of significance (1=highest, 5= lowest):</p>
a) Not consistent with current city policy	
b) Lack of a political champion to drive a scheme forward	2
c) Public acceptability of road pricing is too low	
d) Media attitude is too hostile	4
e) Insufficient funds to finance a study or implement a scheme	
f) Uncertainty about technology	
g) No studies of potential schemes yet undertaken in my city	
h) Road pricing studies have not demonstrated sufficient benefits	3
i) Difficulty of planning and managing such a large project	
j) Other? Please specify <i>...UNCERTAIN OF ECONOMIC IMPACT.</i>	1
<p><b>Q4b) How would you describe the attitude of decision makers within your city towards the use of technology for road pricing schemes:</b></p>	<p>Tick one statement:</p>
a) Willing to use any technology to achieve the policy objectives, even if is not operational elsewhere	
b) Prefer to use a technology that is already operational in other cities (e.g. tag and beacon, number plate recognition cameras)	✓
c) Prefer non-technical pricing solution (e.g. paper permits, road barriers with pay booths, visual inspection of number plates)	
d) Other? Please specify ...	
<p>➤ <i>CURACAO will provide products to decision makers/experts that share the experiences of cities with implemented RP schemes.</i></p>	
<p><b>Q5) Please circle a number to indicate the degree of interest your city has in the following dissemination products:</b></p>	<p>Level of Interest: low .... medium .... high</p>
a) Online database – searchable road pricing knowledge base	1 2 3 4 <b>5</b>
b) Handbook - road pricing design and implementation step-by-step	1 <b>2</b> 3 4 5
c) Policy recommendations – guidance to support decision-making	1 2 3 <b>4</b> 5
d) Other? Please specify ...	1 2 3 4 5

# CURACAO

(Coordination of Road User Charging Organisational Issues)

<p>➤ CURACAO will organise events that offer support to decision makers and technical experts in cities belonging to the user group. Each year, a Planning Workshop will be held to discuss barriers to RP implementation with city representatives. The workshop will be followed up by a Solutions Workshop later in the year, which focuses on resolutions for a particular issue, and includes a site visit.</p>	
<p><b>Q6) Please circle a number to indicate the degree of interest your city has in attending the following events:</b></p>	<p>Level of interest: low .... medium .... high</p>
<p>a) Planning Workshops - to discuss barriers to successful implementation</p>	<p>1 2 3 <b>4</b> 5</p>
<p>b) Solutions Workshops - to discuss resolutions and includes a site visit</p>	<p>1 2 3 <b>4</b> 5</p>
<p>➤ CURACAO's events will be open to a user group of 20 invited cities. Travel and subsistence costs will be paid when cities belonging to the user group attend events.</p>	
<p><b>Q7) Please circle a number to indicate the degree of interest your city has in belonging to the user group:</b></p>	<p>Level of Interest: low .... medium .... high</p>
<p>a) User group participation</p>	<p>1 2 3 4 <b>5</b></p>
