Dear [REDACTED]

### **NOTTINGHAMSHIRE COUNTY COUNCIL FORMAL CPE APPLICATION**

I refer to your letter dated 19 February 2008 regarding the above.

In accordance with your requirements, I now write to formally state our position with regard to Traffic Regulation Orders. In particular, I confirm the following;

- (a) A complete review of the Traffic Regulation Orders, traffic signs and road markings within the council's entire proposed SPA/PPA has taken place to identify any deficiencies. This work was undertaken by external consultants and all information on TRO's is now electronically stored within Park Map (Buchanan Computing).
- (b) Deficiencies highlighted on part of this review have been rectified by necessary legal and highway maintenance work.
- (c) All existing, new and replacement TRO's, traffic signs and road workings, within the proposed SPA/PPA conform with the Department for Transport regulations and guidance and are consistent with one another.

I trust by now that you have received verification from Nottinghamshire Police on the description of the proposed CEA and its excluded routes. Adjudication venues are still to be confirmed with NPAS/TPT but these will be submitted prior to the commencement date. Our policy on waivers and dispensations has already been forwarded to yourselves and I hope that our proposals with regard to these are satisfactory.

I hope that the above satisfies your requirements to meet our commencement date of 12 May 2008. I look forward to receiving a copy of the draft Order when available.

Yours sincerely
