Please find attached a letter (in PDF format) regarding our detailed comments on the definition of Open Standard contained in PPN 3/11. We hope you find these both helpful and useful.

I hope also that you have been able to see that our [REDACTED] has been able to complete the SurveyMonkey consultation on the list of standards and that our response is helpful.

In a separate email, I will also send you our database of standards that Microsoft support across our products. This is in the form of a spreadsheet, which you have already seen in your meeting with [REDACTED].

Please do not hesitate to contact me if you have any questions or would prefer to receive these documents in another format.

Kind Regards,
