Thank you for your request received on 22 June 2015, for the following information:
I would like to request the following information, which relates to vacant, unused, or underused land within Barnet Borough, currently owned by Barnet Borough Council.

- How many vacant, unused, or underused plots of land, greater in size than ¼ acre (1000m²), does Barnet Council own within Brighton & Hove itself?

- By vacant, unused or underused, we mean land that is empty, has run-down or derelict buildings, or represents a poor use within a crowded urban area: i.e. garage courts, car parks etc. Please include any plots of land that Barnet Council plans to develop within the next 5 years.

- For each of these plots of land, please include the street address, land area, current use, and details of any development plans.

We have processed this request under the Environmental Information Regulations 2004.

Response

I am writing to inform you that we have searched our records and the information you requested is not held by London Borough of Barnet.

The council holds no land within Brighton and Hove.

Assuming you meant to ask about land in Barnet, the response would be that the information you requested is not held by London Borough of Barnet. The council does not hold the land sizes in its records and so does not hold the information requested.

Further information

If you are interested in the data that the council holds, we recommend that you take a look at Open Barnet, the council’s data portal. This is an important tool in pushing forward Barnet’s Transparency Agenda, bringing together all our published datasets and other information of interest on one searchable database for anyone, anywhere to access:
