Dear Mr Cook,

Thank you for your email of 14 August 2017 requesting a review of the response dated 8 August 2017 supplied to you in respect of your request for information dated 14 July 2017. I now reply as the officer responsible for the internal review of the handling of such requests. The purpose of the internal review procedure is to ensure that the University has complied with the Freedom of Information Act 2000 ('the Act').

In your email of 14 August 2017 you stated:

> *The information received from Cambridge was useful, but the numbers they allocated for students applications did not match up. There is no indication for the GCSE, Predicted or Results data as to whether they got an offer or not, which is a key point I am looking for.*
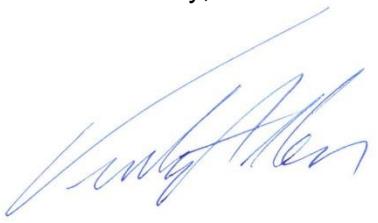

I have considered all the circumstances of the case and concur that the data was not presented in a helpful way. This had been done to prevent the risk of the identification of any particular applicant or offer-holder but I accept that it rendered the results of limited use. We have therefore re-supplied the data with a column in every table showing whether or not the applicant received an offer. This is attached. Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.

If you remain dissatisfied with the University's handling of this request or with the outcome of this review, you may raise the matter by way of appeal to the Information Commissioner who may be contacted at: The Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF (https://ico.org.uk/).

Notes		
	Entry Year	Figures are grouped by entry year. The 2016 entry year includes standard entry applications from the 2016 application round and deferred entry applications from the 2014/2015 rounds.
	ApplyID	Qualification information has been anonymized, with each applicant assigned a dummy application identifier.
	GCSE	GCSE qualification information is supplied as declared by applicants through their UCAS application.
	Predicted Grades	As and if supplied in the relevant field on the UCAS reference.
	Post Qualified	Applicants are flagged as post-qualified when they have completed three or more A Levels and have no outstanding A Levels to complete. A Level data is provided by the relevant UK ABL. Where A Level data
	ECAA	Only section 1 results are held. Section 1 has 2 scores: "Problem Solving" and "Maths for Economics".
