Reference: FOI-2018-304

23 May 2018

Dear Alex Chang,

Your request was received on 30 April 2018 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked:

*Accordingly, we request the following information regarding applicants in the 2018 cycle for "Geography" and "Land Economy".*

*(1) Please provide for each candidate, identified by name or, if your institution seeks to apply an exemption under s 40 of the act, a unique randomly generated number:--*

- i. GCSE results presented as a string (where GCSE results are absent, please provide an explanation, for example, "International"/"Not on Personal Statement", etc.*
- ii. Interview test score*
- iii. Pre-interview or at-interview test score*
- iv. The local authority of residence (defined as either the second tier where two-tiered local government exists or the single tier in a unitary area)*
- v. Achieved GCE grades or other (UMS desirable)*
- vi. Predicted A-level grades or other, as provided by each applicant, inclusion or exclusion of unaccepted GCEs, i.e. 'General Studies, is irrelevant for the purposes of this request and is left at your discretion.*
- vii. Aggregated candidate score, based on the university's metric*
- viii. Achieved A Level grades if the candidate applied Post-A-level.*

The requested information, insofar as it is held, is attached. Information about interviews is not held; all interview processes for entry to undergraduate degree courses at the University are set and managed locally by each of the individual Colleges, each of which is a separate legal entity and public authority under the Act. We do not hold GCSE results as a string or an 'aggregated candidate score'.

The Old Schools  
Trinity Lane  
Cambridge, CB2 1TN

# UNIVERSITY OF CAMBRIDGE

Registry's Office

Furthermore, we have withheld the LEA of each applicant under section 40(3)(a)(i) of the Act as we consider that, coupled with other information in the public domain, some individual applicants could be identified. The release of that information would breach the first data protection principle (the fair and lawful processing of personal data) as set out in Schedule 1 of the Data Protection Act 1998. This part of section 40 confers absolute exemption under the Act.

Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request an internal review of this decision, you should contact us quoting the reference number above. The University would normally expect to receive your request for an internal review within 40 working days of the date of this letter and reserves the right not to review a decision where there has been undue delay in raising a complaint. If you are not content with the outcome of your review, you may apply directly to the Information Commissioner for a decision. Generally, the Information Commissioner cannot make a decision unless you have exhausted the complaints procedure provided by the University. The Information Commissioner may be contacted at: The Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF (<https://ico.org.uk/>).

Yours sincerely,

James Knapton

	On	Monday, 30 April, 2018

Notes	Apply Year	Figures are grouped by UCAS application year. The 2018 application year runs from applications opening in September 2017 to Confirmation in August 2018.
	ApplyID	Applicant information has been anonymized, with each applicant assigned a dummy application identifier.
	GCSE	GCSE qualification results are as supplied as declared by applicants through their UCAS application.
	UMS	A Levels in England are currently undergoing a period of significant reform. Many applicants applying from October 2016 onwards will be following linear, rather than modular, A level syllabuses meaning that UMS is no longer available in a number of subjects. UMS data provided in this request is as supplied by the applicant at the point of entry, but may also include linear marks incorrectly presented as such.
	A Levels	A Level Qualification information is declared by applicants through their UCAS application (verification of qualifications is undertaken by individual Colleges and not centrally recorded).
	Predicted Grades	As and if supplied in the relevant field on the UCAS reference.
