Dear Mr Foster

Request for information under the Freedom of Information Act 2000

Thank you for your request for information dated 12 December 2019. I have dealt with your request under the terms of the Freedom of Information Act 2000.

In your request you said:

You have recently published online the A45/A6 Chowns Mill Roundabout Improvement Project Plan at https://highwaysengland.co.uk/projects/a45a6-chowns-mill-roundabout-improvement/ ...With this in mind, I would like to ask for:

- A full project plan for these works explaining in further detail the amount of time required.
- Additional information on what steps have been taken to reduce the amount of time taken to complete the project.

We have now completed our search for this information and a copy of it is shown below.

Please find attached a PDF document titled 'A45 Chowns Mill Rbt. Interim Programme Rev.04 - A0 Landscape – DRAFT'. This is our scheme draft construction programme which is the full project plan detailing all of the work and phases.

Please note this is not the final approved document. We are continuing to develop the programme and are meeting with stakeholders and contractors to discuss how we can reduce the impact of our work.
The final document will be reviewed and approved two weeks prior to the construction date, which is currently 10 February 2020. This document will detail the work and time required in construction.

We are holding a public Information event in early February 2020 where you can meet the construction team and discuss the scheme. The exact dates, when available, will be shown on the scheme webpage via the link below.
