Dear Mr Hanson

Freedom of Information Request – Documentation Relating to Disused Railway

I am writing to confirm that we have now completed our search for the information, which you requested on 2nd March 2020.

Having checked our records I can advise you that the section of former railway at Grimethorpe Halt is not a section of the railway for which my team has ever been responsible for. I can confirm that we do not hold any records for that section.

In respect of the other two sections we only hold scanned copies of certain historic plans and records. These have been provided below. All hard copies of any documents or plans are held by the Network Rail Archive section, not ourselves.

The bridge close to the former Baggrow Station was sold in 1960 according to the records held by us. We hold no relevant documents other than those included below.

The bridge close to the former Northorpe Station on North Road was sold in 1972 according to the records held by us. We hold no relevant documents other than those included below.

Most documents supplied by Highways England will be Crown Copyright. Most Crown Copyright information can be re-used under the Open Government Licence. For information about OGL and about re-using Crown Copyright information please see The National Archives website.

If you are unhappy with the way we have handled your request you may ask for an internal review within 2 months of the date of this response for Freedom of Information requests and within 40 days for Environmental Information Regulations requests. If you require a print copy, please phone the Information Line on 0300 123 5000; or e-mail info@highwaysengland.co.uk. You should contact me if you wish to complain.
