Subject: Pre-app for skills hub for HS2 Heavy construction plant

Hi Claire,

I thought it might be good to drop you an email regarding this pre-app (21/01438/APP) I have been allocated. It looks to be a really good idea just in completely the wrong place (Red Furlong Farm, Poundon - open countryside, PRW crossing the site). I think we need to be heading them in the direction of Westcott Venture Park or somewhere similarly geared up for big visually discordant sites. Is this something you can help with, or know who to speak with?

Thanks

Mrs Rebecca Jarratt
