Our Ethos

At Bournemouth School

- We always strive to do our best
- We celebrate achievement
- We work together
- We make the most of our opportunities
- We have responsibilities as well as rights
- We treat one another and our environment with respect

Our community's ethos is based upon the traditional values of:

- ✓ Hard work
- ✓ Discipline
- ✓ Smart Appearance
- ✓ Respect

The Curriculum

The school curriculum provides a seven year educational continuum. In its design, it endeavours to support student learning by addressing the following aspects:

- ✓ Aptitude;
- ✓ Breadth and balance;
- ✓ Challenge for the complete student ability range;
- ✓ Development of independent learning;
- ✓ Equal opportunities for all to succeed; and
- ✓ Flexibility

In addition to learning within the structured timetable of 25 hours a week, Bournemouth School also offers students a rich array of learning activities outside the classroom.

Our curriculum is grouped into three phases which comply with the requirements of the National Curriculum and the Examination Boards.

Key Stage 3 – Years 7, 8 & 9

During Key Stage 3 all students study:

Art & Design	Latin
Design & technology	Mathematics
Drama	Music
English	Physical Education
Geography	Religious studies
History	Science (Biology, Chemistry, Physics)
Information & Communication Technology	

Students also study French throughout Key Stage 3 plus a second modern foreign language in years 8 and 9. They have a choice from German, Italian, Mandarin Chinese and Spanish.

Students are taught in groups of approximately 24 to 31 depending on subject.

Key Stage 4 – Years 10 & 11

During Key Stage 4, all students follow GCSE courses in:

English Language	Chemistry
English Literature	Physics
Mathematics	Religious Studies
Biology	

As a Specialist Language College, our curriculum policy requires all students to study a GCSE course in at least one modern foreign language. Students may choose from:

French	Mandarin Chinese
German	Spanish
Italian	

Students also study for a further four GCSE awards. These may be chosen from the following:

Art	Geography
Business Studies	History
Design & Technology	Latin
Drama	Music
Engineering (double award)	Physical Education

Information Technology skills are developed and utilised across the KS4 curriculum.

Students are taught in groups of approximately 24.

Sixth Form – Years 12 & 13

In year 12, all students study up to 5 subjects to Advanced Subsidiary (AS) Level. Students continue their studies in at least 3 subjects to A2 level. These may be chosen from:

Art & Design	Government & Politics
Biology	History
Business Studies	Information & Communications Technology
Chemistry	Latin
Design & Technology	Mathematics including Further Mathematics
Economics	Music
Electronics	Physics
English Literature	Psychology
French	Religious Studies
Geography	Spanish
German	Sports Science

In addition, students may follow AS General Studies, a language for Business course, Mandarin Chinese, GCSE Italian, the Sports Leadership Award, or the Institute of Financial Services Certificate in Finance.

Students are taught in groups of varying size according to subject up to a maximum size of approximately 26.

Some sixth form students study a limited number of courses at Bournemouth School for Girls

Students throughout Bournemouth School follow a course in Personal, Social and Health Education which includes Citizenship. They also participate in PE.

Note

We are constantly reviewing our provision to address the needs and aspirations of our students. The details given above are for the academic year 2010/11. Details relevant to your son's Key Stage 4 and 5 curricula will be published in due course – our provision may well have changed in response to local or national pressures

Public Examinations

Advanced Level / Advanced Supplementary Level

All candidates who are progressing satisfactorily, including completion of coursework, will be entered for units at the appropriate time. Generally, including re-sits, this will be during the May/June examination season. Exceptions, at the School's discretion, may occur from time to time. Re-sits will generally be at students' own expense.

GCSE Level

All candidates who are progressing satisfactorily, including completion of the required coursework, and who are considered to be achieving close to their potential will be entered at the appropriate tier as decided by the School.

Pastoral Care

The pastoral system is based on five Houses. It is designed to ensure that the individual needs of each pupil are catered for. Five Heads of House work with the Deputy Head (Pastoral) to oversee the arrangements and to monitor effectiveness. The Heads of House work with teams of tutors to monitor the progress of pupils, offer encouragement or advice where necessary and set new targets. There is a termly assessment of pupils whereby every boy is assessed by each of his subject teachers so that he and his parents know how he is progressing towards his personal targets.

Individual Learning Needs

The school has a small but highly effective ILN department, which includes our Special Educational Needs section and which is overseen by the school's SENCO, (Special Needs Co-ordinator) Mr N Chlubek. If you believe that your son may have particular needs to support his learning, please raise them with Mr Chlubek who may ask one of the specialist assistants to discuss these with you.

Looked After Children

At Bournemouth School we identify a Designated Teacher to work with each looked after child. The designated teacher is:

- responsible for co-ordinating strategies to raise the aspirations and attainment of the child, in particular agreeing a high quality Personal Education Plan and creating opportunities for the child to access additional resources for learning (including one-to-one tuition when appropriate);
- a central point of contact to provide the link between the child's carer, social worker, and other children's services.
- responsible for understanding the wider needs of the child or young person, and responding appropriately to support the child

Gifted and Talented

We believe that the most important aspect of provision for gifted and talented pupils is their day-to-day experience in the classroom (and on the sports field). Our provision for these students includes:

- adding breadth (for example, enrichment through a broader range of tasks and resources).
- increasing depth (for example, extension through complexity).
- accelerating the pace of learning within and across key stages
- promoting independence in thinking and learning, and providing opportunities to self-regulate learning.
- fostering high expectations in teachers and students.

The provision for Gifted and Talented students and their progress is monitored by their tutor, Head of House and the school's Gifted and Talented Co-ordinator.

Monitoring Student Progress

At Bournemouth school we use students' prior attainment to set challenging, yet realistic targets for the future. The progress of our students is regularly and systematically monitored, with all assessments carefully analysed. We look carefully for signs of underachievement or unusual potential, so that appropriate and timely support or challenge may be offered.

Our students are given high-quality feedback by subject teachers on their work and are encouraged to respond to it. They have regular opportunities to discuss their academic progress and personal development with their tutor and such dialogue helps them to succeed beyond their expectations. Students use their school diaries to help keep themselves organised. These are carefully monitored and form an important link between students, subject teachers, tutors and parents.

We have a strong partnership with parents, based on frequent, regular, personalised and pertinent communication, so that together we can help their sons to achieve their best

Independent Learning

Independent Learning is any activity which students are asked to do outside lesson time either on their own or with parents or carers (and includes activities formally regarded as homework). Independent learning contributes toward building responsibility, self-discipline and lifelong learning habits. It is the intention of Bournemouth School staff to assign relevant, challenging and meaningful independent learning assessments that reinforce classroom learning objectives. Such assignments should provide students with the opportunity to apply information they have learned, complete unfinished class assignments and develop independence.

Time Allocation

The table below gives general guidance as to the amount of homework to be set. Some flexibility may be given so that students occasionally have more than one evening in which to complete a task.

Year 7	1 hour per evening, usually in 2-3 subjects
Year 8	1-1½ hours per evening, usually in 3 subjects
Year 9	2 hours per evening, usually in 3 subjects
Year 10	2 hours per evening, usually in 3 subjects
Year 11	2 hours per evening, usually in 3 subjects
Years 12 & 13	As a general rule, students should spend (outside classes) a minimum of 5 hours per week on each A level subject

Uniform

The school has its own uniform, details of which are available from the school office and we ask parents to support us in ensuring that regulation clothing is worn. The Parents Association run regular 'used uniform' sales and the School may be able to offer assistance towards the purchase of uniform under certain circumstances. All enquiries regarding uniform should be made to the school office.

Boys may not wear visible jewellery e.g. neck, face or ear jewellery, and should not have visible piercings. Hair should be clean, neat and tidy, above the collar and should not cover the ears and eyes when leaning forward. It must not be coloured by obvious hair dyes. All students must be clean-shaven.

Communication

We recognise that the best education for our pupils will be achieved through developing a partnership between staff, the boy and his parents. Thus we try to keep parents well informed of their sons' progress and expect their full support in endorsing homework, disciplinary procedures and extra-curricular activities.

Parents have the opportunity to meet staff in a number of different contexts:

- We encourage parents to make individual appointments to see the Headmaster, Heads of House or any member of Staff whenever they may feel there is a need;
- The Headmaster and Staff will always contact parents to make an appointment if and when a problem arises;
- Parents can discuss their son's academic progress with subject teachers at Parents Evenings, the dates of which are published in the School Calendar;
- The Parents' Association provides a means whereby staff and parents can meet socially at fundraising events, informal events and at school functions;

The boys in Years 7 to 11 are issued with homework diaries which are designed to enable parents to follow their sons' progress. The Headmaster also issues a regular newsletter to parents.

The School Council

As a school, we always endeavour to gauge the opinions and desires of its pupils, to know what they want and how the school can best provide it. A little like a 'Bournemouth School Government' we have a 'School Council' which is made up of one representative from each form. The representatives attend regular meetings where we discuss everything from the price of ketchup in the canteen to timetabling, from non uniform days and charity events to links with schools in Africa. Some recent achievements have included new, student prospectuses for the sixth form, a Christmas lunch for around 600 students and peer mentoring. This means that each and every pupil has their own voice, and together they have their say in the Council. All students are encouraged to take part in the Council.

Rewards and Sanctions

Within the school we have a Positive Behaviour Policy.

This means that **if your son follows the class rules he will be rewarded**. Rewards take the form of Stars for Years 7 to 9, and a mixture of Stars and Positive Referrals for Years 10 and 11. If he gets a lot of Stars or Positive Referrals he may receive some further rewards.

We have a range of sanctions which may be imposed should a student not fulfil our expectations. These include:

- Verbal warning
- Removal from lesson for a short time to reconsider his actions
- Detention (including Saturday Detention)
- Removal from the rest of the lesson and referral to his Head of House for further punishment. (Parents will also be involved if this happens)
- Fixed term exclusion (rarely used)
- Permanent exclusion (very rarely used)

Attendance

Good attendance at school is vital for your son to achieve your full educational potential. It is a legal requirement that schools keep accurate records of student attendance. Good attendance records benefit him in the following ways:-

- Taking the opportunity to get a good education
- Meeting friends and developing lasting relationships
- Having continuity of learning which makes progress and retention easier
- Improved performance in coursework tasks
- Enhanced performance in examinations
- Good references for further education or employment
- Good habits are formed for later life
- Reducing the risk of involvement in crime and anti-social behaviour either as victim or perpetrator

Please help us by:

- ✓ ensuring that your son arrives at school on time each day;
- ✓ ensuring that your son only misses school for reasons which are unavoidable or justified, such as illness or days of religious observance;
- ✓ always notifying the school as soon as possible of any absence;
- ✓ confirming this in writing when your son returns to school;
- ✓ talking to your son's tutor or Head of House if you are concerned that your son may be reluctant to attend.

Request for Absence

Leave of absence for holidays is not an entitlement and has to be authorised by the school. Extended absence is always likely to be detrimental and approval is given only in cases where the parents are compelled to take a family holiday outside school holidays. Leave of absence is not intended to be a means by which holidays can be taken at off-peak prices. Such absence is particularly detrimental to students following examination programmes; only in exceptional circumstances will such leave be granted. The school's policy is consistent with that of others in the borough.

Any leave taken without authorisation will be recorded in the school attendance register as an unauthorised absence, that is, as truancy, and the matter will be referred to the school's Education Social Worker. Each request for authorised absence will be considered on its merits; exceptional circumstances might include the following:

- a parent, grandparent or other close relative is seriously/terminally ill and the holiday proposed is likely to be the last such holiday;
- there has recently been a death or significant other trauma in the family and it is felt that an immediate holiday might help the child concerned better deal with the situation.

The financial factor – when a parent claims that he/she is unable to afford to book a holiday during the school holidays when prices may be significantly higher than in term-time – will not be taken as constituting an “exceptional circumstance”.

Similarly, **the nature of the proposed holiday** – whether, for example, it is a fortnight visiting Rome or a fortnight in a caravan at the seaside – will not be taken as constituting an “exceptional circumstance”.

We will not grant leave, even in exceptional circumstances, if:

- a boy's attendance record over the previous 20 week period is less than 95% - even if any previous absence was due to unavoidable causes such as illness; or
- the period of leave coincides with the start of term, or is near to, or coincides with, tests, exams or other significant events in the school calendar.
- a period of leave has already been granted that academic year.

Application for Leave of Absence should be made by letter to the Headmaster in advance of any booking and other than in the most exceptional circumstances, the request for leave should be made **at least 4 weeks** in advance of the proposed leave date, and before entering into any travel commitment.

Breaks and Lunchtimes

Dining Arrangements

The school prides itself on the quality of the food we provide. The catering service offers a good selection of meals throughout the day at very competitive prices. Breakfast is available before the start of school and a very varied menu is available at break and lunchtime. We are very conscious of the need to encourage our pupils to eat healthily. Pupils buying meals can choose between hot meals from the Dining Room or cold food from the Buffet Room. Pre-payment cards are available if desired, so that parents can be certain that the "dinner money" that they give to their sons really is spent on food. In order to ensure that the quality of the food is maintained the School Council meets regularly with the catering manager. Pupils may, of course, bring their own packed lunch if they prefer.

Breaks

You will be aware that the school grounds include an area of woodland, commonly referred to as 'the copse'. We feel privileged that our students are able to enjoy such an area at breaktime and lunchtimes, and also walk through it to attend activities at the Sir David English Centre and the school field. Students in Years 7 – 11 are not allowed off the school site during break and lunchtimes.

Safeguarding

"Bournemouth school recognises our moral and statutory responsibility to safeguard and promote the welfare of pupils. We will endeavour to provide a safe and welcoming environment where children are respected and valued. We will be alert to the signs of abuse and neglect and will follow our procedures to ensure that children receive effective support, protection and justice."

Equality

At Bournemouth School we are committed to providing a safe and welcoming environment in which the whole school community can learn, work and take pride.

We believe that all students and members of staff should have the opportunity to fulfil their potential whatever their background, identity and circumstance. We are committed to creating a community that recognises and celebrates differences, within a culture of respect and cooperation. We recognise that equality will only be achieved by the whole school community working together – students, staff, governors and parents. Our commitment to equality is a fundamental part of our drive towards excellence.

Careers Education and Guidance

The underlying theme to our careers education and guidance programme is one of support.

Our Careers Co-ordinator, Deputy Heads, Sixth Form Co-ordinator and Connexions Adviser all offer guidance, helping pupils to develop knowledge and understanding which will enable them to make informed decisions about their career routes through and beyond school.

Careers education and guidance during Years 7 to 8 is not highlighted as such. Our PSHCE programme, however, helps in a pupil's understanding of himself and his relationship with others. From Year 9 onwards, a co-ordinated programme of careers activities comes into play. This involves careers lessons within PSHCE and group meetings with the Connexions Adviser. Pupils are also introduced to the comprehensive Careers Library and its resources.

In Year 10 all pupils take part in a two-week programme of work experience, the aim being to improve economic and industrial understanding as well as awareness of both the challenge and opportunities provided by the world of work. Students are thoroughly briefed and are encouraged to identify occupational interest areas which will help them reach a decision as to their choice of placement. At the end of the period of work experience the pupils evaluate the benefits of their placements. This enables them to develop personal attitudes, skills and abilities. Year 10 pupils are instructed in the use of and made aware of a number of careers software packages designed to help them choose their post GCSE options.

Such skills, attitudes and abilities are developed further in Year 11, this being a crucial year for pupils since they must now decide whether to leave School and embark upon a career, continue with their education elsewhere, or apply to enter our Sixth Form. PSHCE lessons are used to provide an opportunity for small group advisory sessions related to specific career areas. Pupils who are identified as requiring further support and guidance are offered individual interviews with the Connexions Adviser. For those pupils who decide for whatever reason not to continue their education at Bournemouth School we offer impartial, comprehensive, up to date information, advice and guidance.

The majority of our Sixth Form pupils proceed to Higher Education. A minority make a deliberate decision to move directly into a career. Sixth Form students have the opportunity to discuss their career options and Higher Education matters with senior members of staff and with the Connexions Adviser.

The process of career consultation and support is complemented by a careers resource area (open to all pupils) in our main Library. This is well stocked with a wide range of appropriate careers literature and software. Access to the careers information can also be achieved via the school's ICT network.

We also organise an annual Careers Convention for pupils in Year 9 upwards (in association with Bournemouth School for Girls and Talbot Heath School for Girls). Our links with industry include participation in Enterprise Challenge and the Engineering Education Scheme. Key departments also organise pupil visits to local companies.

The Library

The school library is situated on the 1st floor of the 6th Form Block and is available to students, staff and parents. There are books, DVDs, and CDs that can be borrowed. There are also periodicals and newspapers available for use within the library. It is open from 8.30 a.m. - 5 p.m. Monday to Friday. Parents are asked to encourage students to use the Library responsibly and to return or renew borrowed resources on time. The Librarians will be happy to deal with any queries.

The Careers Library is situated in the library and has information about Universities and Colleges, as well as information on the requirements of specific jobs, and careers.

Health and Sex Education

Health Education plays a significant part in a young person's personal development, and an important area of this is Sex and Relationships Education. The title is important because the knowledge, understanding and skills developed are always put into the context of positive, caring relationships and the need for trust and respect in relationships.

Sex & Relationships Education is provided for all students through Science and PSHE lessons. The aim of Sex Education is to foster students' understanding of their emotional and physiological development and awareness of the attitudes and values of others.

In Year 7 Science lessons students consider how life begins. Classes study reproduction in plants and animals, which leads on to work on human reproduction. There is a general introduction to the sex organs; pregnancy and birth are considered. Puberty changes are discussed and lessons stress that all variations of such changes are normal.

In Year 9, classes follow a short unit of work in which students consider their attitudes to others. The work incorporates examination of adolescence and responsibility. This programme introduces AIDS and the use of condoms.

Various aspects of Sex Education are included in Key Stage 4 Science courses. These involve a more advanced study of fertilisation and birth, as well as infertility and hormone treatment.

Parents who wish to know more about the programme may consult the teacher concerned. It is open to parents to withdraw their children from all or part of Sex and Relationship Education, except for those parts included in the statutory National Curriculum for Science, by putting a request in writing to the Headmaster.

Extra-Curricular Activities

The School is committed to developing the full potential of all our students and we believe that our extensive range of out-of-class activities is central in building confidence, fitness and a sense of pride in achievement and participation.

We have a number of Clubs and Societies in which pupils participate. These take place during lunchtimes or after school and receive the full support of staff.

There is a flourishing Combined Cadet Force, with Army, Navy and RAF sections, and also a long-established Scout Troop, which has its own Venture Unit. These organisations provide wonderful opportunities for developing leadership skills and teamwork. Members can participate in a wide range of activities such as gliding, shooting, sailing and adventure training.

We also place considerable emphasis on the cultural life of the school and, in addition to a flourishing Art Department which regularly exhibits pupils work, we have a tradition of debating, annual drama productions and opportunities for boys to play in a variety of music ensembles.

Music plays an important part in the life of the school and peripatetic lessons are available to pupils.

Sport

Physical Education occupies a significant part of every student's timetable. Our Sports Hall, all weather pitch and games field provide an excellent environment for developing a boy's physical fitness, interest and ability in sport. The School's main team games are rugby, football and cricket. These together with other activities such as cross-country, basketball and athletics, constitute an important part of our inter-House competitions.

Opportunities for participation in sport are extended even further in the Sixth Form. In addition to our main team games, students may opt for activities such as badminton, basketball, canoeing, sailing, skiing, squash, swimming and weight training.

The School fields many teams each week and we have a long history of success. Our football teams regularly win town and county competitions and cricket sides have excelled in the Bournemouth and Dorset competitions. In recent years we have also had success at national level with our swimming team winning a national championship and our tennis and 1st XV reaching national finals.

Religious Education

Section 78 (1) of the 2002 Education Act states that all pupils should follow a balanced and broadly based curriculum which;

'promotes the spiritual, moral, cultural, social, mental and physical development of pupils and of society, and prepares pupils for the opportunities, responsibilities and experiences of later life'.

The religious studies department strives to educate rather than indoctrinate its students.

We believe that objective study of the major world religions can assist students in learning about, and then more importantly from religious belief and practise. The department also offers students a secure and controlled environment in which they can reflect on their own values and beliefs and share these with other students. This will hopefully enable students as they progress through the school to make more informed decisions concerning moral and philosophical dilemmas and help achieve the objectives above.

At Key Stage 3 students have one lesson per week and in line with government guidelines students follow the SACRE Bournemouth Agreed syllabus: "REaching Out REaching Within". The Syllabus focuses around 5 Key Questions:

- Is there anybody out there?
- What Next?
- Everybody hurts- Why?
- Are we all equal?
- Whose world is it anyway?

These subjects are covered from a humanist perspective as well as those of various religions. It is open to parents to withdraw their children from all or part of the RE Programme by putting a request in writing to the Headmaster.

At Key Stage 4 Religious Studies is combined with Citizenship and PSHE with all students following a full GCSE course. One paper focuses upon topics relating to social and ethical issues and the religious responses to these whilst the other paper is more philosophically based. (Syllabus: AQA Specification B Modules 4 & 5).

In Year 10 students have 3 lessons per fortnight and in Year 11 4 lessons per cycle. It is open to parents to withdraw their children from all or part of the RE Programme by putting a request in writing to the Headmaster.

School Transport

Information regarding bus passes can be obtained from your local authority.

School Specials

Service BS1 - Ringwood

07:08 Poulner White Hart Hotel, Southampton Road/Middleton Road, Meeting House Lane A31/B3081 Slip Road, Ringwood Road/Woodlinken Drive, Ringwood Road/St Stephens Lane, Verwood Memorial Hall, Morrison's Roundabout, Manor Road/Newton Road, Verwood Road/Joys Road, Horton Road/Woolsbridge Road, Ashley Heath Roundabout. Return from School at 15:40

Service BS2 – West Moors

07:35 Woodcutter's Arms, West Moors Village Hall, Station Rd/Pinehurst Road, 1st Bus Stop Victoria Road, Victoria Road/Town Centre, Dudsbury Avenue, Chapelgate Garage, Parley Cross Traffic Lights. Return from School at 15:40.

The BS1 and BS2 services are provided under private contract. Contact Mrs Heather Hood at bs.bus@btconnect.com for further information. Please note these buses are heavily oversubscribed and you are strongly advised to put your name on the waiting list as early as possible.

Service 36 - Penn Hill Bus – Shamrock Buses

07:23 Seaview Hotel, Parkstone Road The George Roundabout, Civic Centre, Ashley Cross, St Osmonds Church, Penn Hill (opposite car park), Branksome (Homebase) Bourne Valley Arches, Glenferness Avenue/East Avenue, Charminster Road/Alma Road, BSG, Bournemouth School, East Way. Return from School at 15:40.

Service 53 – Bransgore – Shamrock Buses

07:00 Bransgore, Burley Road, Ringwood Road, Lyndhurst Road, Station Road, Hinton Wood Avenue, Cranemoor Avenue, Talbot Drive, Amberwood Drive, Ringwood Road, Lymington Road, Shelley Hill, Highcliffe Road, Somerford Road, Purewell Cross Road, Christchurch By Pass, Barrack Road, Stour Road, Belle Vue Road, Broadway, Harbour Road, Dalmeny Road, Church Road, Belle Vue Road Southbourne, Southbourne Grove, Seabourne Road, Christchurch Road, Ashley Road, Holdenhurst Road, Wessex Way, Castle Lane West, Charminster Road, Bournemouth School East Way. Return from School at 15:40. Service 54 – Shoreline Coaches 07:35 Francis Avenue, Ringwood Road, High Howe Lane, Knight's Road, King John Avenue, Runnymede Avenue, Shapland Avenue, Bear Cross, Wimborne Road, Castle Lane, Charminster Road, Bournemouth School East Way. Return from School at 15:40. Contact Shoreline Coaches on 01202 391285.

Service 55 – Shamrock Buses

07:20 Bournemouth Railway Station, St Paul's Road, Holdenhurst Road, Ashley Road, Southbourne Road, Belle Vue Road, Church Road, Dalmeny Road, Harbour Road, Browadway, Belle Vue Road, Tuckton Road, Cranleigh Road, Beaufort Road, Beresford Road, Seabourne Road, Christchurch Road, Castle Lane East, Castle Lane West, Charminster Road, Bournemouth School East Way. Return from School at 15:40.

Service 60 – Damory Coaches

07:35 Wallisdown Road (commences at bus lay-by beside Bournemouth University near Boundary Roundabout), Wallisdown Road, Kinson Road, Turbary Park Avenue, Fernheath Road, Coleman Road, Maclean Road, Springwater Road, Moore Avenue, Cunningham Crescent, Montgomery Avenue, Kinson Road, East Howe Lane, Leybourne Avenue, Coombe Avenue, Oswald Road, Cherries Drive, Ensbury Park Road, Wimborne Road, Castle Lane West, Charminster Road, Bournemouth School East Way. Return from School at 15:40. Contact Damory Coaches on 01258 452545.

Service 88 – Shamrock Buses

07:19 Lymington Road (Highcliffe G & T's), Shelley Hill, Bure Lane, Mudeford Lane, Sandown Road, Somerford Road, Purewell, Bridge Street, Castle Street, High Street Christchurch (except Mondays) Bargates, Stour Road, Tuckton Bridge, Tuckton Road, Cranleigh Road, Beaufort Road, Beresford Road, Seabourne Road, Christchurch Road, Castle Lane East, Castle Lane West, Charminster Road, Bournemouth School East Way. Return from School at 15:40.

Service 89 – Shamrock Buses

06:55 Priestlands Place Lymington, Milford Road, Lymington Road, Milford Crescent, Park Lane, Cliff Road, Milford Road, Station Road, Gore Road, Walkford Road, Ringwood Road, Lymington Road, Shelley Hill, Bure Lane, Mudeford Lane, Sandown Road, Somerford Road, Purewell, Bridge Street, Castle Street, High Street Christchurch (except Mondays) Bargates, Fairmile Road, The Grove, Barrack Road, Castle Lane East, Castle Lane West, BSG, Charminster Road, Bournemouth School East Way. Return from School at 15:40.

For further information contact Shamrock Buses on 01202 621581.

All information is correct as at 20th September 2010 but is subject to change.

Grants Charging and Remissions Policy

Free School Meals

Parents in receipt of Income Support, Income Based Job Seekers Allowance and Child Tax Credit (without Working Tax Credit), where income is less than £16,040 per annum or are entitled to free school meals.

An application form is available from the School Reception.

Charging and Remission Policy

The School recognises the value of extra curricular activities, trips and residential experiences in the educational, personal and social development of pupils. The Governing Body reserves the right to charge for a range of activities within school hours, for instance in the case of board and lodging for residential activities and the cost of individual instrumental tuition in Music. The Governing Body will remit in full charges on some activities for those in receipt of income support or family credit. Full details of the policy are available from the School Office.

School Fund

The Parents' Association recommends a minimum of £10 per month, per family, but we would not expect contributions from parents who find themselves in difficult financial circumstances.

You can provide additional support, (and reduce the cost of your donations) by giving through Gift Aid, as the School Fund is a Registered Charity (Registration Number 291760). This has become a vital source of revenue in resourcing the school. The School Fund supports a wide range of activities and facilities which benefit the vast majority of pupils. Many of our extra-curricular activities would not exist without support from the School Fund.

Staff List 2010 - 2011

Headmaster	Dr D P Lewis	Chair of Governors	Mr T Webb
Deputy Headmaster	Mr J Hatch	Assistant Headmaster	Ms K Gillen
Deputy Headmaster	Mr W Pyke	Assistant Headmaster	Mr S Viney

Admissions Information for 2011 Entry

General

Bournemouth School is a Grammar School with Foundation status. It is a single sex non-denominational school for boys aged 11 to 18.

Only boys who attain the required standards in the prescribed arrangements for selection by reference to high ability and aptitude will be eligible to be considered for admission to the school. Selection is by means of entrance tests other than where stated below.

Number of Admissions

The school's published admissions number (i.e. the maximum number of pupils admitted each September at age 11) is 150.

Admissions Arrangements

Admission to Year 7 (normal point of entry)

Admissions arrangements for entry to Year 7 are coordinated in conjunction with the Bournemouth Admissions Forum and the Local Authority. For admission to Year 7 boys must have reached the age of 11 years on or before 31st August in the year of admission.

In exceptional circumstances, a boy may be considered for early entry provided he has been educated in an older year-group for at least one full academic year. In such circumstances, clear and unequivocal evidence must be provided to the school, at the time of application, that his acceleration has the support of the pupil himself, his parents/carers, the primary school's Link Educational Psychologist and SEN/Gifted & Talented Inspector and that there is agreement that accelerated transfer will promote the boy's academic and social development.

Applications

The appropriate application process is dependent on the applicant's normal place of residence. Application for entry cannot be made directly to the school.

Bournemouth Residents:

An application for a place for a boy who is resident in Bournemouth must be made online or on the single Bournemouth application form, a copy of which is available from the boy's current Bournemouth primary school or from the Bournemouth Local Authority. Application forms must be returned by the closing date to the Local Authority at the address shown on the application form.

The closing date for applications will be that published by the Bournemouth Local Authority.

Other applicants (i.e. those residing outside the Borough of Bournemouth)

All other applicants must apply online or by using the single application form provided by the Local Authority which covers the area in which they live. Applications for Bournemouth School must be returned to the 'home' Local Authority in good time for that Local Authority to pass the application information to Bournemouth Local Authority by the Bournemouth Local Authority closing date for applications.

All applicants

Please note: Late applications will not be considered at the first allocation of places until all applications received on time have been dealt with.

Details of the entrance tests will be sent to parents after the closing date for applications. These tests will take place on one Saturday in November (or at a date decided by the local Admissions Forum) for all pupils who have applied to the Local Authority by the closing date. On the day of testing pupils will take Verbal Reasoning, English and Mathematics tests.

Decision Process

Following the tests, each boy will be placed in one of three bands:

- A. Candidates who achieve the following selective scores will be eligible for admission.
 - i. Verbal Reasoning test
 - the selective score is that achieved by the 150th boy in the verbal reasoning test
 - ii. Mathematics
 - the selective score is that achieved by the 150th boy in the mathematics test
 - iii. English
 - the selective score is that achieved by the 150th boy in the English test
- B. Borderzone candidates are those who achieve the selective score in two of the three elements (Verbal Reasoning, English and Mathematics) or whose total score is within 3% of the aggregate of the qualifying selective scores of the three tests.
- C. A -Other candidates are not eligible for admission.

Pupils placed in the borderzone (band B) are considered by the Admissions Panel, which will take into account the entrance test results and any additional evidence provided by the current headteacher with reference to ability and aptitude in deciding which boys are eligible for admission. Pupils' current headteachers are contacted for information on all borderzone candidates unless parents have requested otherwise in writing to the Admissions Panel.

The Admissions Panel also considers, under the borderzone arrangements, any pupils who fall below the borderzone, but whose current headteachers believe to be worthy of special consideration. In these cases, headteachers will be asked to provide evidence to support this request for special consideration.

Eligible boys are those within band A and those from band B accepted as eligible by the Admissions Panel.

In early March the pupil's home Local Authority will send to all applicants who have applied by the published closing date details of the outcome of their application.

Over-Subscription

A school is legally required to admit an eligible child with Special Educational Needs where there is a statement issued by a Local Authority naming that school. Therefore, where a school has a number of children being admitted with a Statement naming the school, this will reduce accordingly the number of places available, as expressed by the Published Admission Number.

In the event of the number of boys eligible for admission as a result of the selection arrangements exceeding the published admission number, the following criteria will apply, in the order set out below, to decide which boys to admit:

- i. Eligible boys who are “looked after” (as defined by s.22 Children Act 1989);
- ii. Eligible boys who are placed in band A, in rank order (to be determined by the Admissions Panel).
- iii. Eligible boys from band B accepted by the Admissions Panel, in rank order (to be determined by the Admissions Panel).

In the event that two or more eligible boys are of equal ranking for the last place in any of these criteria, then priority will be given to the pupil whose ordinary residence is nearest to Bournemouth School, measured by a straight line on a map from the ground floor level of the pupil’s ordinary residence to the front door of the school. If all distances are equal, for example a flat in a block of dwellings with the same front entrance, a lottery will be used to determine the allocation.

Admission outside the normal points of entry

Although the usual ages of admission are 11 and 16, suitably qualified pupils may be admitted between these ages when there are vacancies. No border zone is used for admission outside the normal points of entry – applicants are required to demonstrate that they are of the standard to warrant automatic entry to the school. Entry to Years 7 to 11 is by means of assessment tests, appropriate to the level of entry, carried out at the school. The school will not accept applications from pupils previously tested by the school and who did not meet the standards required for admission.

In-Year applications are coordinated in conjunction with the Bournemouth Admissions Forum and the Local Authority. Testing for admission outside the normal points of entry is carried out as soon as practicable after the application is received by the school. The 10 secondary schools in Bournemouth, together with Bournemouth Local Authority, operate an In-Year Fair Access Protocol which is reviewed by the Admissions Forum on a regular basis.

Admission to the Sixth Form

The published admission number (in addition to any boys already in Year 11 at the school) is 50. All pupils in the Sixth Form are required to have achieved six GCSEs (including Mathematics and English) at grades A*-C, preferably with an A*, A or B in the subjects chosen at Advanced Level or in a related subject. All pupils should also have an average GCSE points score of 33 or above. The points used are the Department for Education (DCSF) points - 58 A*, 52 A, 46 B, 40 C, 34 D, 28 E. Progression onto the second year of the course (A2) is dependent on successful completion and passing of two or more AS levels. A separate booklet giving information about the Sixth Form is available on request.

Waiting Lists

The school operates a formal waiting list for pupils wishing to attend the school and who have met the qualification requirements laid out above. The school will fill any vacant places from the waiting list using the oversubscription criteria set out above. The waiting list does not give priority either to those that have been on the waiting list the longest or to those that applied after the closing date.

Waiting lists for main entry years will cease on 31 December 2011. Previous applicants wishing to continue on a waiting list must re-apply to the school between 1 and 31 December 2011. Waiting lists for all other year groups will cease at the end of the academic year 2011/12. Applicants will be required to re-apply (in August 2012) for admission if they wish to continue to be considered for a place. The school will review waiting lists whenever a place becomes available.

Appeals

Parents whose application for their son to be considered for admission to the school is unsuccessful have a right of appeal. In the first instance, they are invited to contact the school to discuss their dissatisfaction. If they remain dissatisfied, they will be given details of the formal appeals procedures and the relevant forms to complete.

The School Day, Term Dates, School Details

Times of the School Day

The school hours are from 8.20 a.m. to 3.30 p.m. each day. Boys should not normally arrive at school before 8.00 a.m. and must leave the site before 4.00 p.m. unless they are involved in an organised activity as we are not able to accept responsibility for them outside of these times.
