Dear Paul,

**DATA EXCHANGE**

1. I am sending by bag floppy discs provided by the Hungarian delegation, one of which contains their revised data and the other details of the programme used to put the data on disc. The discs are IBM compatible.

2. In my letter to Matthew Kirk of 7 March (copied to you) I recorded a meeting with members of the Soviet delegation to discuss the acquisition of a computer system for the JCG. An informal follow-up meeting among the 22, in the margins of the JCG, has now been arranged for 10.30 a.m. on Wednesday, 20 March. One of the topics to be discussed will be common computerised formats for exchanging data. In this connection, it would be helpful to know before the meeting, by phone if need be, whether you have been able to make any use of the discs already provided by the Czech and Bulgarian delegations.

Yours,  
R A Barnett

R A BARNETT
