Subject: Play Park Updates for 2017
Date: 05 July 2017 10:31:20

Hello All,

Please see the email below.

The first block of play areas to be refurbished this year went out to tender a couple of weeks ago and we are waiting for the returns from potential suppliers.

As in previous years we will carry out some limited local consultation for the bigger sites but not for the small ones where kit will generally be replaced like for like.

This first block of work is a mixture of housing and parks sites and more will follow once the final approvals have been received. I will update you in due course. Councillors have already been informed.

The first block of sites are as follow.

<u>Wales St</u>	<u>Housing</u>	<u>George St/Harbour</u>
