Dear Karthik Ram,

Your request was received on 2 April 2019 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked:

For the current UCAS cycle, I would like to have the following data with respect to applicants who had applied for engineering and hold or will hold the IB Diploma qualification:

- 1. Achieved/Predicted Scores of applicants 2. If they were a home, EU or international student
- 3. Subjects taken by the applicants for their diploma (include their EE subjects if possible) 4. Their ENGAA scores (seperated into raws and reported scored for section 1A,1B and 2) 5. The college which they applied to (or were assigned to in the case of an open application) 6. Their interview scores 7. If they were admitted, rejected or pooled. Do list if the pooled application was successful and the college which admitted them.

The requested information, insofar as it is held, is attached. Information about interviews is not held; all interview processes for entry to undergraduate degree courses at the University are set and managed locally by each of the individual Colleges, each of which is a separate legal entity and public authority under the Act.

Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request an internal review of this decision, you should contact us quoting the reference number above. The University would normally expect to receive your request for an internal review within 40 working days of the date of this letter and reserves the right not to review a decision where there has been undue delay in raising a complaint. If you are not content with the outcome of your
