

Date: 17th July 2019

Wrexham County Borough Council

Response/Digest FOI: 9589 (Clarification)

Wrexham County Borough Council does not hold the information requested.

Request:

Thank you for your very comprehensive response- however it looks like there may be confusion on q7) you have given a figure for the LAC - I presume these are children who are in care whereas I had been looking for the total number of children with the identified exclusion/suspension who were known to Social Service not just those were the Council had the statutory duty of care.

Response

Q7 The information requested is not held

In response to the query the information that is held is on those who are known to Children's Social Care as they are a looked After Child

Amendment to the original response

Q6. The number of children expelled that resulted in a home tuition package being provided?
