Subject: Three Named Day PQs - Rosie Cooper MP - Reply by 9:00am Friday 24rd January

Dear [REDACTED]

We have received the following three Named Day PQs tabled today, Thursday 23rd January by Rosie Cooper MP.

As the policy on the GP extraction service is the responsibility of NHS England can you provide a concise reply and full background information to justify your answer. The background information is as important as the answer as this gives the Minister full reasoning to justify the answer provided. Although we have general information available it is not always specific enough to justify the question asked.

Could I have your response by no later than 9:00am Friday 24rd January.

Please confirm who will clear/approve the response

Please acknowledge this email.

Rosie Cooper (West Lancashire): To ask the Secretary of State for Health, whether penalties will be imposed on GP practices for high patient opt-out rates from medical records sharing. [184434].

Rosie Cooper (West Lancashire): To ask the Secretary of State for Health, who will investigate GP practices over high levels of patient opt-out rates. [184698].

PQ164434 & PQ184698 can be answered together –

Rosie Cooper (West Lancashire): To ask the Secretary of State for Health, if he will place copies of guidance sent to GP practices in relation to the provision of care data to third parties in the Library. [184458].

Do GP practices have any care provision guidance on care.data available for third parties available? Please advise.

Morning All

Response as follows:

Rosie Cooper (West Lancashire): To ask the Secretary of State for Health, whether penalties will be imposed on GP practices for high patient opt-out rates from medical records sharing. [184434].

Rosie Cooper (West Lancashire): To ask the Secretary of State for Health, who will investigate GP practices over high levels of patient opt-out rates. [184698].

PQ164434 & PQ184698 can be answered together –

NHS England and the Health and Social Care Information Centre will work with the British Medical Association and the Royal College of General Practitioners. Together we will review and work with GP practices that have an abnormal proportion of objections on a case-by-case basis. We will also liaise with the Information Commissioner's Office and with the Care Quality Commission if required.

Rosie Cooper (West Lancashire): To ask the Secretary of State for Health, if he will place copies of guidance sent to GP practices in relation to the provision of care data to third parties in the Library. [184458].

Yes. The guidance can also be downloaded here:

and in relation to provision of data to third parties, see FAQ 39 of this document
