Subject: RE: Local Highway Improvement (LHI) Cambridge City Panel Meeting - Monday 23rd January

Dear Clara

Unfortunately due to work commitments I will not be able to attend. I work in St Ives so would not wish to request the 6pm slot when I have to contend with the A14!

As such I would be grateful if the following comments could be passed to the panel:

Dear Panel

I would be grateful for your support to the bid before you because it will improve the safety of the approach towards the traffic calming measure from Kings Hedges Road. Currently vehicles do not have sufficient space to move over to the left and give way to oncoming vehicles if vehicles are parked. To extend the lines would enable buses and other vehicles seeking to leave Campkin Road to have a clear space to do so, as cars will not be able to park as close to the calming measure as they currently do.

I trust you will give the application your full consideration, especially as the police are also in support of this proposal.

I hope the above comment will be taken into consideration in your deliberations.

Kind regards

Fiona
