Dear Jack,

I write in connection with your request for information dated 4<sup>th</sup> January 2020 concerning marked fleet vehicles.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Following receipt of your request, research was conducted by the Fleet department at Wiltshire Police.

Your request for information has now been considered and am not able to respond in full to you.

**You wrote:**

1. Please could I have a list of all marked vehicles that have been in your fleet from 2010 to the latest date possible.

Please could you include:

- Make & Model of the vehicle
- Fleet Number
- Number Plate
- Role of Vehicle (Traffic, Response, Armed Response etc)
- Date the vehicle was commissioned
- Date the vehicle was decommissioned (if relevant)

**Our response:**

I have considered your request and I am able to provide a partial response regarding details of the marked vehicles in the fleet.

Details requested in relation to Armed Response vehicles are exempt from disclosure by virtue of Section 31(1)(a)(b) – Law Enforcement of the Freedom of Information Act 2000.

Section 31 is a qualified and prejudice based exemption which therefore requires Wiltshire Police to establish the harm in disclosure and the public interest for and against disclosure.

INVESTOR IN PEOPLE

## **Overall harm**

Wiltshire Police are charged with enforcing the law, preventing and detecting crime and protecting the communities we serve. The disclosure of details in relation to Armed Response vehicles would provide offenders with valuable intelligence, facilitating their ability to commit crime and evade detection.

## **Factors favouring disclosure**

Disclosing this information would enable Wiltshire Police to be held accountable and show the Police Force as being open and transparent with the public. It would also provide the public with an insight into the financial resources of the Police Force and how this is being utilised.

## **Factors against disclosure**

The disclosure of this information could have an adverse effect on the ability of the Police to effectively prevent and detect crime, and thus compromising investigations. By disclosing the information you have requested in relation to Armed Response vehicles, offenders would be able to establish the number of resources the Force has and this would help them to commit crime and evade capture. By evading capture, the greater public will be at risk and in turn, trust in the Police would be lost and an increase in crime could be seen.

## **Balance test**

Whilst there is a public interest in transparency and how the Police are engaging with the threat from criminals, there is a very strong public interest in safeguarding the public and protecting the Force's ability to effectively prevent and detect crime. To disclose information which is likely to assist criminal offenders would seriously threaten the effective delivery of operational law enforcement and is therefore exempt from disclosure.

## **Freedom of Information Request Appeals Procedure**

### **1. Who Can Ask for a Review**

Any person who has requested information from Wiltshire Police, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

### **2. How to Request a Review**

Requests for review of a Freedom of Information request must be made in writing to the:

Force Disclosure Unit  
Wiltshire Police Headquarters,  
London Road, Devizes,  
Wiltshire,  
SN10 2DN

Email at [disclosure@wiltshire.pnn.police.uk](mailto:disclosure@wiltshire.pnn.police.uk).

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Force Disclosure Unit within 20 working days of the Force's response to the original FoI request.

### **3. Review Procedure**

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to 40 working days.

The Independent Decision Maker will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

### **4. Conclusion of the Appeal**

On completion of the review the Independent Decision Maker will reply to the complainant with the result of the review. If the complainant is still dissatisfied following the review they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following details:
