Notes:

\*BEng options in certain Mechanical Engineering degrees are not available for general application, but a small number of students transfer to these courses pre-entry due to visa restrictions on MEng courses

\*\*Language degrees were revised for the 2020 cycle, and are now advertised as a single BA degree covering all language options, rather than stream-specific courses as we did previously

\*\*\*BSc Pharmaceutical Sciences and Drug Development was launched in September 2019 (for the 2020 cycle) but the course was discontinued that November due to low interest

\*\*\*\*BSc Sport Management and Coaching was previously titled BSc Sport and Social Sciences prior to the 2019 admissions cycle. 2018 figures are for the previous degree title

\*\*\*\*\*BSc Business was previously titled BSc Business Administration prior to the 2020 admissions cycle. 2018 and 2019 figures are for the previous degree title
