Dear Dr. Dutton,

**Re: Rattlechain Lagoon – Disposal of material from Chemical Arm Canal**

Further to your letter dated 5<sup>th</sup> May and our telephone conversation of the 8<sup>th</sup> May 2000, I confirm that the Agency has no objections to the disposal of the 'effluent sludge' at present in the Chemical Arm Canal being deposited at the Rattlechain Mere.

Would you please let us know when the operation will take place in order that we may observe the process.

Yours faithfully
