Subject: Proposed Crossrail (Kensal Green) Order - Inspector Appointment

xxxxx

We spoke about 2 weeks ago and you mentioned you had in mind an Inspector to be appointed for the above inquiry which is proposed to start week commencing. What is the latest position on that? I understand from the applicants that you suggested that a PIM might not be required given the shortness of the inquiry – is that still the case?

It would be helpful to have an update as we will need to let interested parties know soon so that they can start preparations for proofs of evidence which are required to be served at least four weeks before the inquiry starts.

Kind regards

xxxxx
