Dear

Re – PEDL 257 Variation to Licence Terms

I am writing on behalf of Island Gas Limited (IGas) as 100% licence interest holder and Operator of PEDL 257. The Drill or Drop Period specified in Schedule 5 to the licence comes to an end 2 years from the Start Date of the licence on 21st July 2018. Clause 4 of the licence requires that the Licensee takes the actions that are described in Part 1 of the Work Programme prior to the expiry of the Drill or Drop Period.

Due to circumstances beyond the control of IGas, the Work Programme that is required to be undertaken prior to the end of the Drill or Drop Period has not been completed although action has been taken to progress the Work Programme.
