Dear ,

**RE: Licence PEDL260 ("the Licence"): two year Drill-or-Drop decision**

Thank you for your letter of 17<sup>th</sup> January about Licence PEDL260 at Barrow-in-Furness.

Please accept this letter as a request to delay the date of the Drill-or-Drop decision for an additional three years. We will be unable to make a firm commitment by June to drill before the end of the First Term.

We will be happy to provide more information if required and will welcome an opportunity of a meeting to explain our plans and the progress we have made.

Yours sincerely
