Mr David Mery  
**By way of email**

14 May 2014

Dear Mr Mery

**ICO Complaint Reference – FS50514652**  
**Date of Request – 11th June 2013 ('the Request')**

I refer to previous correspondence in relation to the Request and more recently to your complaint to the ICO.

It has recently come to my attention that the Trust holds a further document which was originally overlooked in the search for information falling within the scope of the Request. The document in question is a detailed underlying report to which the document disclosed to you on 29 August 2013 the "*Report into Incidents which took place at River House,*" is related.

I have now had the opportunity to review that document, and I consider that it does fall within the scope of the Request.

The detailed report contains patient identifiable data as well as some other exempt information, and consequently we are going through the process of redacting it where appropriate.

We hope to be in a position to publish a redacted version of the detailed report on the Trust's website following 21<sup>st</sup> May and by the 28<sup>th</sup> May at the latest. We will provide you another notification prior to publication on the Trust website to refer you to the relevant section for ease of reference.

I have copied in the ICO Case Officer dealing with your complaint, in order that he is aware of how matters are progressing.

We will be in touch shortly. If, in the meantime, you have any queries regarding this letter, please do not hesitate to get in touch with me.

Yours sincerely

Murat Soncul  
Head of Information Governance

cc. Mr Alun Johnson, Senior ICO Case Officer, ICO
