## **7. SPECIFIC PROCEDURES**

### ***Making a request for information***

Requests for information are to be submitted by the RSPCA using the 'Names Enquiry' form attached at Annex B.

Completed forms are to be sent via secure email i.e. cjsm, gsi etc to the following email address; [xxx@xxx.xxx.police.uk](mailto:xxx@xxx.xxx.police.uk)

The RSPCA reference number and whether the enquiry relates to a suspect, defendant, victim or witness must be included in the subject field of the email.

Emails must not be password protected, contain personal or contain the descriptor 'Private and Confidential' data in the subject field or be over 6Mb in file size.

Requests for information may be made by telephone in cases of emergency, for example, where there is a risk of immediate violence and the 'Names Enquiry' form submitted retrospectively.

Erroneous/incomplete enquiry forms will not be processed. They will be returned to the RSPCA as invalid and a reason provided.

***Providing information from the PNC***

ACRO will provide the RSPCA with a pdf version of a relevant PNC print which includes all recorded conviction, cautions, warnings and reprimands together with a PNC ID number.

Where the PNC check reveals an 'Impending Prosecutions' (IP), ACRO will provide the details of the force(s) or non-police agency bringing the prosecution.

If the RSPCA has a secondary query or wish to follow-up on the PNC information provided, they will make a formal request (via email) to the nominated ACRO Mailbox; [npx@xxxx.xxx.xxxxxx.xx](mailto:npx@xxxx.xxx.xxxxxx.xx)

***Creating records on the Police National Computer***

The process for creating records and assigning Arrest Summons Numbers (ASN) to prosecutions brought by Non Police Prosecuting Agencies is contained in the 'ACPO National Standard for Recording NPPA Prosecutions on the Police National Computer'.

Where necessary or appropriate, the RSPCA undertakes to adhere to the requirements of the National Standard including the completion and submission of the required NPA 01-3 forms. Court dates are to be provided if known at the time of submission of the NPA01 form.

For each Nominal, the RSPCA will supply a duly completed 'NPA 01' form in the manner described above, which will be used by ACRO to create an entry on the PNC and provide an ASN to the RSPCA. A delay in the process is likely to occur if the data set provided on the NPA 01 form is incomplete or inaccurate.

***Additional information requirements***

ACRO will not disclose information to the RSPCA unless a positive match to a PNC record has been made using the information provided by the RSPCA on the 'Names Enquiry' form (Annex B) or NPA 01 form.

If required, ACRO will seek additional information from the RSPCA via the following secure RSPCA Mailbox: terry.stoud@rspca.cjsm.neti

No other Mailbox is to be used unless this Agreement is updated to reflect a change of "nominated" contact point for the RSPCA.

If the RSPCA are unable to provide additional information they will, where necessary, make contact with the Data Subject to seek the additional information required by ACRO.

### ***Quality Assurance & Control***

ACRO employ strict Quality Control procedures and staff undertaking this work are all appropriately trained.

On a monthly basis ACRO can, if required, provide regular management information to the RSPCA including;

- Number of PNC 'Names Enquiry' forms received
- Number of PNC prints provided
- Number of records created on the PNC
- Details of any cases that fall outside agreed 'Service Levels'

### ***Disputes procedure***

Where the validity of the PNC information disclosed by ACRO is disputed, the RSPCA will contact ACRO to determine a suitable method to resolve that specific dispute.

### ***Volumes***

It is estimated that for FY 2012/13 the RSPCA will request 1450 PNC checks and require 1450 x PNC records to be created.

The RSPCA will advise ACRO if the number of PNC checks is likely to be exceeded, to ensure that revised volumes are manageable.

### ***Service Levels***

This Agreement requires a 7 day turnaround on all cases submitted to ACRO except where ACRO requires further information from the RSPCA to make a positive match. In these circumstances, ACRO will process the enquiry when the required information has been supplied by the RSPCA. Responses to requests for additional information must be made by the RSPCA within 10 working days. If we do not receive the information, the request will be closed and invoiced.

A further exception to the 7 day turnaround are those occasions where the conviction data is held on microfiche in the national police microfiche library at Hendon. In these cases ACRO will

provide a response when the required information has been supplied by the custodians of the microfiche.

The RSPCA will be advised in all circumstances if the 7 day turnaround cannot be met.

***Transmission***

With the exception of telephone requests in cases of emergency, contact between ACRO and the RSPCA should only be made over a secure communication network and care must be taken where personal information is shared.

Similarly, requests and replies should not be communicated via insecure email as the Internet is not secure and must not be used for the transmission of personal/sensitive personal data.

It is acknowledged that where either Party cannot comply with a request without disclosing information relating to another individual who can be identified from that information, it is not obliged to comply with the request, unless;

- i. The other individual has consented to the disclosure of the information to the person making the request; or

In determining whether it is reasonable, regard shall be had, in particular, to:-
