Hi Ross

I'm afraid I am disinclined to do this at present, having received ([REDACTED]) a death-threat over my TV work last week.

Hello Rob, hello Paul –

A producer at the BBC News Channel has been in touch to see if either of you are free to go into the BBC Pacific Quay studios today to discuss fracking following Ineos' announcement of £640m in shale gas exploration and production.

They're keen to get one of you on as soon as possible today – I'd be grateful if you could let me know if you'd be able to help.

Thanks in advance!

Best regards,
Ross
