Subject: RE: Representation from [REDACTED]

Dear Professor Younger and Doctor Westaway

It was very good of you to reply to my enquiry and we thank you for your comments.

We would be grateful of your consideration of [REDACTED] documents and we appreciate the time that you may take in doing this.

There is no particular deadline but it is likely that we will have to determine the applications before the end of the year

Regards, [REDACTED]

Dear Clare

[REDACTED]

Dr Westaway and myself will review the documents you sent, insofar as they fall within our areas of expertise, and give you an objective appraisal from the perspective of the actual Glasgow University research team.

Best wishes

Paul Younger

Prof Paul L Younger FREng
Rankine Chair of Engineering and
Professor of Energy Engineering
University of Glasgow

Dear Mr Younger

Your details were passed to me by a colleague and I hope you do not mind me contacting you on this matter.

Lancashire County Council is in receipt of planning applications from an oil and gas company called Cuadrilla for the drilling, fracking and extended flow testing of the gas with a direct connection to a local gas transmission pipeline, if extended testing is thought to be viable and is carried out. The applications are accompanied by an Environmental Statement that is extensive. The applications can be viewed on the County Councils website at <http://planningregister.lancashire.gov.uk/>

We have now received many representations on the proposals. The attached representations from [REDACTED] raises objection on the grounds of geology, seismology, and hydrology.

[REDACTED] would normally expect representations that claimed an affiliation with the University of Glasgow to be supported by the University, and so I would be grateful if you could consider the matters I raise and advise whether you have any comments.

Thank you and regards, [REDACTED]
