Dear Andrea Casalotti

Freedom of Information Act 2000

Please accept our sincere apologies for the delay in getting back to you. I can confirm that the information requested is held by Westminster City Council and is contained in the attached document and as follows:

Westminster City Council offers schools a child pedestrian training scheme and cyclist training is offered to members of the public who live, work or study within Westminster. This will take the form of school courses, group adult courses for beginners and one to one training for the more able.

Lessons on the use of the roads in a safer manner are offered to child pedestrians and older road users through schools, clubs and community groups.

The dissemination of advice is through supporting the national, DfT, and local, TfL, London wide campaigns where appropriate. Distribution of publicity resources from TfL and DfT are made through the council's communications channels. (The recent THINK campaign targeted country roads and therefore we have not undertaken resource distribution in this case.)
