For ease of reference, your request is replicated below together with the response.

Submitted questions in respect of the role of UK civil defence, specifically regarding a recent security incident in the US (abbreviated);

- 1. Does your organisation have in place a prearranged contract to provide credit monitoring and identity theft protection services to your staff, in the event of any incident or anticipated threats?**
- 2. Does your provision cover partners and close family members of your staff?**
- 3. In response to any identified infiltration of staff personnel or payroll systems. What is your organisation desired implementation period for providing all of your staff with fraud protection cover?**
- 4. Under any arrangement to provide credit monitoring and identity theft protection services to your staff are local government or national government funds used? Please, can you provide a breakdown (if possible) only in percentage terms of the proportion costs between local and government funding?**

I can confirm that no such agreement currently exists within Police Scotland. Therefore under Section 17 of the Freedom of Information (Scotland) Act 2002 I must inform you that we do not hold the information you have requested.
