Dear Mr. Turner

Thank you for your Freedom of Information request dated 4th July 2016 for information about "Herton Way - 2 Way Scheme". Please find below and attached Doncaster Council's responses to the questions you have raised.

:

1. Question.

The budget for the scheme and a breakdown of the sources of that funding.

Response

The scheme is funded through the local Growth Fund (Sustainable Transport Exemplar Fund) and was allocated £450,000

2. Question

A scheme brief that sets out the objectives of the scheme. This will likely have been produced at an early stage of the scheme and used by your highways engineers to design the scheme.

Response

Scheme Brief attached

3. Question

The road safety audits carried out on the scheme, stage 1, 2 and 3, along with any appendices

Response

Road Safety Audit attached.

4. Question

The 'as built' or 'for construction' signing and lining drawings for the scheme so that I can understand the layout changes. If there are other more appropriate drawings that would help me understand

Response

Scheme drawing attached, please see note on the drawing regarding "**Ordnance Survey Copyright Restrictions**"

I hope that this information is useful to you.
