

File: 'table_content'

Note: This log provides details of the data available within the PupilOnRoll, PupilOnRoll_Unrestricted, PupilNoLongerOnRoll, PupilNoLongerOnRoll_Unrestricted and Nationality database tables alongside details of the active directory groups with access to those tables.

PupilOnRoll view – Properties:

The screenshot shows the 'View Properties - Approved_PupilOnRoll' dialog box. The 'Permissions' tab is selected, showing the schema as 'dbo' and the view name as 'Approved_PupilOnRoll'. Under 'Users or roles', two database roles are listed: 'I_STORE_SC_UNRESTRICTED_USERS' and 'I_STORE_SC_Users', both of type 'Database role'.

PupilOnRoll view – Information schema:

The screenshot shows the 'Results' tab of the SQL Server Enterprise Manager, displaying the information schema for the 'Approved_PupilOnRoll' view. The table lists 50 columns with their respective data types.
