Dear Mr Acraman

Freedom of Information Act 2000

This request is being handled under the Freedom of Information Act 2000.

I have detailed below the information that is held.

At this time, we do not have a full year's road safety records so the statistics will vary from the actual numbers verified when a full year's data becomes available. This data related only to personal injury accidents on public roads within the City of Westminster that are reported to the police, and subsequently recorded, using the STATS19 accident reporting form. Information on damage-only accidents, with no human casualties or accidents on private roads or car parks are not included in this data.

With regards to your request, on Westminster roads in 2016, up to the end of September 2016 (which is the latest available data), there were 277 recorded accidents involving taxi/private hire vehicles. Please note that there is a single category for 'taxi and private hire vehicles' and we are unable to split this data further.

If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Information Management Team
5 Strand
London
WC2N 5HR

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. Further information is also available from the Information Commissioner at:

Information Commissioner's Office
