Dear Mr Carroll

Enquiry regarding site licence SL947 and modifications, Rattlechain Landfill site, Tividale.

Thank you for your enquiry which was received on 23/05/2017

We respond to requests under the Freedom of Information Act 2000 and Environmental Information Regulations 2004.

Environment Management

Our Environment Officer inspected the site last week and can confirm that there is no ongoing waste activity and the site remains a closed landfill.

The operator Mintworth Quays Ltd; were dissolved on 22 March 2007 whereupon the licence SL947 ceased to exist.

We are not undertaking any current monitoring of the site regards landfill gas but the customer may want to approach Sandwell MBC who may have further information concerning this site, including its finished levels, following its closure in 2001.

Please refer to [Open Government Licence](#) which explains the permitted use of this information.

Please get in touch if you have any further queries or contact us within two months if you'd like us to review the information we have sent.

Yours sincerely

Matthew Weston
